NO. 228—EIGHTY-SECOND YEAR

VICTORIA, BRITISH COLUMBIA, FRIDAY, SEPTEMBER 6, 1940

EIGHTEEN PAGES

## BRITAIN CAN STAND HEAVIER AIR ATTACK CHURCHILL REPLIES

Prime Minister Confident in Defiance of Hitler's Threat to "Erase" English Cities—Warns of Heavy Fighting to Come in Middle East—Sees Fiercer Air Warfare

LONDON, Sept. 5 (CP).—Prime Minister Churchill declared today from the very midst of the Battle of Britain that no matter how Hitler multiplies his air raids, "we can stand it," and expressed his deep satisfaction with what he termed the eastward advance of the United States' armed frontier.

Mr. Churchill revealed that the effective strength of the Royal Navy's fleet in the Eastern Mediterranean was almost doubled a few days ago "by sending out some of our most powerful vessels to reinforce the flag of Sir Andrew Cunningham, the admiral in the Eastern Mediterranean."

## OPEN WAY IN INDO-CHINA

Japan to Be Given Access For Backdoor Attack On China

HONGKONG, Sept. 5 (AP).—A preliminary basic agreement giving Japan right-of-way in French Indo-China in an effort to wind up the three-year-old war was reported tonight by authoritative neutral quarters at Hanoi.

This concession of a "limited" right to land Japanese troops and supplies at Haiphong was said to have been reached between Tokyo and the Vichy Government in France. It was still subject to negotiation of details at Hanoi.

This was the latest and apparently "informed" version of the crisis in the most populous segment of defeated France's troubled Empire.

He explained the Government had received information of a "backdoor" attack on China in an effort to wind up the three-year-old war was reported tonight by authoritative neutral quarters at Hanoi.

The essence of Mr. Churchill's speech was a confident defiance of the German Fuehrer's threat on Wednesday to "erase" English cities in revenge for British raids on Germany.

## U.S. WILL SIGN FOUR TREATIES

Pacts With Britain and Three Dominions Provide for Advancement of Peace

WASHINGTON, Sept. 5 (CP).—The United States tomorrow will sign with Canada, Great Britain, Australia and New Zealand separate treaties providing for peaceful settlement of disputes. The treaties will replace a similar agreement signed between the United States and Great Britain since 1914 and known as the Treaty for the Advancement of Peace.

State Secretary Cordell Hull will sign for the United States.

State Department officials said that negotiation of the treaties with Canada, New Zealand and Australia is intended as a good-will gesture and further recognition of their independent status in the British Commonwealth of Nations.

## DELAY IS VOTED ON CONSCRIPTION

Sixty-Day Trial for Voluntary Enlistment Before Draft Amendment Adopted

WASHINGTON, Sept. 5 (AP).—The House of Representatives tonight overrode the managers of the peacetime draft bill and voted 185 to 155 to give the voluntary enlistment system a sixty-day trial before conscripting men for the United States army.

It adopted an amendment offered by Representative Hamilton Fish, New York Republican, under which the draft would not become effective if 400,000 or more recruits present themselves within that period. If a lesser number should apply, enough men would be drafted to bring the total to 400,000, the number of new recruits which the War Department wants by the end of the year.

## Dictator Demanding King Give Up Throne Or Rising Threatened

Leaders of Iron Guard in Rumania Backing Demand of Gen. Ion Antonescu—Bloody Riot Near Palace in Bucharest

BUCHAREST, Rumania, Sept. 5 (AP).—Gen. Ion Antonescu, Rumania's new military dictator, was reported to be demanding King Carol's abdication during a continuing overnight conference between the monarch and the dictator.

A high government official said the demand was being made at the request of leaders of the Iron Guard, who threatened an immediate armed uprising unless the monarch yielded.

In the heart of the city a throng of Iron Guardmen surrounded by soldiers and gendarmes, awaited quietly the decision from the palace. Taking up their stand about a quarter of a mile from the palace they cried out over and over: "Carol must abdicate! But don't let him take the money!"

Inside the palace, a long and

## Destroyers Traded for Defence Bases

President Roosevelt notified Congress, September 3, of an agreement between the United States and Britain under which United States will lease for ninety-nine years naval and air bases in British Possessions in the North and South Atlantic in exchange for fifty over-age destroyers. Pictured, some of the over-age destroyers as they were being refitted recently at San Diego, Cal.

## Fleet Scores Successes in Mediterranean Though Enemy Keeps Out of Way

Folkestone Women Attempt Gallant Rescue of Foes

LONDON, Sept. 5 (CP).—Mediterranean operations of the British fleet during a six-day period "have been entirely successful except that no contact was made between our main forces and enemy warships," an Admiralty bulletin said tonight.

The statement added that the submarine Parthian, operating in the Central Mediterranean on August 31, made two hits on an Italian cruiser and destroyer force.

The Eastern Mediterranean fleet was attacked September 2 by enemy aircraft and shot down five German Junkers 87 dive bombers, the bulletin said.

Included in the fleet arm, which attacked the Dodecanese Islands, were the Australian cruiser Sydney and the British cruiser Orion, which "left none of the surrounding buildings intact" after blasting Italian positions at Pesadi Bay with six-inch shells, said the Admiralty.

## Feed Their Flyers With False Tales

Several Hundred Used in Last War to Be Acquired For Training Purposes

WASHINGTON, Sept. 5 (CP).—Canada probably will obtain several hundred United States army tanks of the last war for use in training the new armored units at Camp Borden, Ont. It was learned tonight.

Asked by The Canadian Press at his press conference this afternoon whether such a deal was under way, General George C. Marshall, United States army chief of staff, said: "We are favorably considering turning over some Great War tanks to the Canadian Government."

It is understood the agreement is about completed and that it might involve as many as 300 tanks, considered obsolete by the American army, but which would prove valuable at Camp Borden, where the new armored brigade of the Canadian Active Service Force is being organized by Col. F. F. Worthington.

The tanks from the last war are of about ten tons and most of them are the French Renault models.

A War Department tank expert said that, while they are slow, they operate much like the modern fast tanks and would be ideal for training purposes in Canada.

## CABINET CHANGES MADE OVER LINE

Claude R. Wickard U.S. Secretary of Agriculture—Frank C. Walker For Postmaster-General

WASHINGTON, Sept. 5 (AP).—Claude R. Wickard was sworn in today as United States Secretary of Agriculture, and President Roosevelt acted to fill another Cabinet vacancy, by nominating Frank C. Walker to be Postmaster-General.

Walker will succeed James A. Farley, whose resignation was effective August 31.

Wickard succeeds Henry A. Wallace, who resigned to campaign for the vice-presidency on the Democratic ticket.

## LONDON RAID LONGEST OF WAR BUT FEW PLANES TAKE PART

From Europe Day by Day—THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by Columbia Co.)

LONDON, Sept. 5 (By Cable).—Hitler's explosive and abusive speech admitting that Germany has had to prepare for five years of war instead of obtaining an immediate victory over Britain, is evidence that the Royal Air Force raids over German cities are proving too much for German people's nerves.

The total blockade by the British Navy of all Continental territory is also having its effect, and the enemy is now short of rubber, copper and essential ferro alloys.

According to The Times Stockholm correspondent, British submarines off Norway are making Nazi navigation precarious there. Six merchantmen were destroyed in a single week outside Oslo, including an oil tanker. Bodies of German soldiers, obviously from troopships, have been washed ashore on the coast between Tromsø and Trondhjem.

One German transport of 12,000 tons, with hundreds of soldiers aboard, is known to have been sunk off the northern Danish coast lately, with a heavy loss of life.

There is more propaganda in Berlin about "secret weapons" designed to conquer the British Isles by means "unknown in all previous warfare." No doubt it will be as effective as the much-blaunted magnetic mine.

In Tokyo the transfer of United States destroyers to Britain in return for Atlantic naval base sites will mean the United States can now keep its fleet permanently in the Pacific. It is said Washington also intends to open negotiations with Australia for defense of the Pacific on lines similar to the Canadian agreement.

Japanese hotheads find the new agreement very unpalatable. However, Japanese confidence in the invulnerability of German arms has been shattered by German air defeats. Franco, in Spain, too, has begun to wonder if Britain may not win after all. The failure of Hitler to invade Britain is having its effect.

Also, official declaration that the air blitzkrieg against Britain has had a wholly negligible effect on war production is beginning to impress smaller neutrals.

## SMASHING BLOWS IN GERMANY

Early on Thursday morning British bombers, flying 1,200 miles mostly over enemy territory, delivered a shattering attack on a synthetic oil plant at Politz on the Baltic, the farthest east they have flown in Germany.

While these bombers were carrying out their missions others attacked objectives in the forests and left tracts of forest land a sheet of flame in the Black Forest, the Thuringer Forest, south of Weimar, and the Oberhartz, west of Halle. Smashing blows were delivered at numerous other military objectives in widely scattered parts of Germany.

An Air Ministry bulletin, issued early this morning: "Reports received up to midnight show that five more enemy aircraft were destroyed during yesterday (Thursday)."

"One of these, a Dornier bomber, was shot down by Tyndale anti-aircraft batteries at about 11:15 p.m."

## SCORE FOR DAY THIRTY-NINE

"This brings the total of enemy aircraft destroyed yesterday up to thirty-nine. Twenty of our fighters were lost, but the pilots of nine of these are safe."

The all-clear signal had sounded in London at 4:50 a.m., after 7 hours 33 minutes of siege, and day was breaking over this capital of the Empire as they emerged.

Exactly half an hour later—at 5:20 a.m.—the alarm rang out again. The all-clear signal came at 5:51 a.m.

Although the longest of the war, the raid was marked by less activity than in a number of previous raids.

Raiders came also over other points in England and Wales, dropping bombs in some areas.

Roof watchers in London saw no more than one or two searchlight concentrations and heard no more than two planes at a time.

## WHEAT POURING INTO FARM BINS

Prairie Harvest Crews Rushing to Complete Operations—Storage Problem Is Acute

WINNIPEG, Sept. 5 (CP).—Thousands of bushels of newly-threshed wheat poured into hastily-erected farm storage bins across Western Canada today while farmers and grain trade followers awaited decisions of the wheat conference in Ottawa.

Scattered showers have kept threshers idle in a few districts but a promise of cooler and drier weather for most Western areas is the main thoroughfare of a working-class district in a Northeast Coast town and set fire to the dwellings.

The roof of one house collapsed on a shelter in which a number of persons had taken cover. A woman was killed and two were injured.

Nazi bombers also were over eight towns in the London section. They caused the East Coast in great force. Incendiary bombs were dropped in clusters.

SOME DAMAGE TO PLANTS

The overnight raids came after waves of German bombers harassed Britain yesterday, disrupting temporarily an important session of the House of Commons and scattering bombs which caused some damage to

## LATE NEWS BULLETINS

KING CAROL QUILTS HIS THRONE

BUCHAREST, Sept. 6 (AP).—King Carol II, who outlived a reputation as playboy Prince to rule Rumania with a strong hand for ten years, abdicated today under riotous demand of the Fascist Iron Guard, and his son Mihai was proclaimed King. Mihai, who will be nineteen on October 25, already has ruled once as Rumania's famous boy King.

FRENCH ORDERED TO LEAVE COAST AREAS

LONDON, Sept. 6 (AP).—The Daily Mail said today it had learned that the Germans had ordered French civilians to move out of French Channel ports and a thirty-mile wide strip of the coast, to prevent sabotage and spying on military preparations.

DEFENCE MINISTER IS COMING TO COAST

MONTREAL, Sept. 5 (CP).—Defence Minister Ralston said tonight he would leave Ottawa by airplane, Sunday, to visit military encampments, "some in the Canadian Active Service Force, and some in the non-permanent active militia," as far West as Victoria.

EIGHT DESTROYERS EN ROUTE TO CANADA

BOSTON, Sept. 5 (AP).—Eight United States destroyers—presumably among the fifty traded to Great Britain for naval and air bases—sailed through the high seas tonight apparently en route to a Canadian port, while navy forces trimmed others to speed in their wake.

BLAST DESTROYS FACTORY IN JAPAN

Kobe, Japan, Sept. 6 (AP).—Fire started by an explosion of a Kobe oil company tank early this morning destroyed a concrete factory and caused repeated explosions among other tanks. Full details were not immediately available.

## Measures for Joint Defence Endorsed by Railway President

Sir Edward Beatty Tells Vancouver Audience Canada Should Remain in Perpetual Alliance With Great Britain and United States

VANCOUVER, Sept. 5 (C.P.).—Development of defence measures jointly by Canada and the United States was endorsed tonight by Sir Edward Beatty, president of the Canadian Pacific Railway, in an address here.

It has always seemed to me axiomatic that Canada must remain in perpetual alliance with Great Britain and the United States," he told a joint gathering of the Vancouver Board of Trade, Bar Association and Canadian Club.

"The interests of these two great nations will, please God, never be divergent, and there is nothing to give alarm to the most ardent British patriot in the spectacle of British North America agreeing with the United States to make tangible plans for common effort against aggression."

### MAINTENANCE OF POWER

Sir Edward, confident in victory for the democracies and urging every sacrifice to further the Empire's war effort, foresaw the necessity for maintenance of power pending restoration of order and good

### RESTORATION OF ORDER

Aided by the United States to whatever extent it feels it desirable to participate, the British Empire must continue to prepare a military force capable of restoring order. "And I think it might change the minds of the dictators if they could see the preparations that we, in this country, are making for this purpose," he said.

Each nation of the Empire was contributing, realistically and practically, to the common effort. But, as might be expected, the brunt of the battle falls on Britain. "This small group of people have met the onslaught of German force with a courage and calmness which will shine in the pages of history," he said.

### TELLING HONEST TRUTH

Some people were casting doubt on communications that told how British airmen were turning back German onslaughts with heavy losses while their own losses were comparatively light. "The communications were issued by honest men telling the honest truth as they know it," Sir Edward said he believed the British attacks on enemy military objectives have already been on a scale which will be effective in deciding the course of the war.

Sir Edward said that Canada's mobilization of men, money and material was the "greatest single revolution in our economic life since we first built a trans-continental railway." He said, would be the test applied not only to Canada's young men who go to battle but to all the men, women and children of the nation. "We shall win this war if and because we can meet the test of courage and willingness to make sacrifices for the common good which will be required of us," he said.

## TELLS JAPAN OF BRITISH INTEREST

Sir Robert Craigie Instructed to "Remind" Tokio About Status Quo of Indo-China

LONDON, Sept. 5 (C.P.).—Sir Robert Craigie, British Ambassador in Tokyo, has been instructed to "remind" the Japanese Government of the interest of His Majesty's Government in the preservation of the status quo in Indo-China," Foreign Secretary Viscount Halifax told the House of Commons today.

Lord Halifax's disclosure followed by a day a statement by the United States Secretary of State, Cordell Hull, taking notice of reports of a Japanese ultimatum served on the French administration of Indo-China and asserting that any change in the status quo there would have an unfortunate effect on public opinion in the United States.

## MANY FEATURES AT FALL FAIR

More Than 17,000 Entries Received in Competitions—Opening Tomorrow

Approaching its eighteenth year in the exhibition business, the B.C. Agricultural Association will hold its seventy-ninth annual Fall Fair starting tomorrow. The fair will last through the whole of next week with more than 17,000 entries listed in the various competitions. The entries are the second largest in the history of the fair association. The greatest number was reached in 1933, when there were 18,000 entries.

The fair will be opened with due pomp and ceremony at 2:15 o'clock Saturday afternoon in the Main Building amid a colorful display of agricultural, horticultural and floral exhibits.

Hon. Eric W. Hamber, Lieutenant Governor, will make the inaugural speech. He will be taken to the platform by Alderman D. D. McTavish, president of the B.C. Agricultural Association. Also on the platform will be the Minister of Agriculture, Dr. K. C. MacDonald; Mayor Andrew McGavin; the reeves of adjoining municipalities; and officials of the Vancouver Fair Association.

### CHILDREN'S DAY

Tomorrow will be Children's Day at the fair, when all rides and amusements will be at a nominal rate. Monday will be National Defence Day, when all men of the three services in uniform will be admitted free. Wednesday will be Citizens' Day, when the big live-stock parade will be held, followed in the evening by the Horse Show. Saturday will be Dog Lovers' Day, when the annual dog show will be held.

The Olympia Circus, which was to have been held in front of the grandstand, has been canceled. On Monday night, however, Alderman William Davies' good will concert, which have proved so popular at Beacon Hill Park, will be held in the Victoria Sports Centre.

## DEMANDING KING GIVE UP THRONE

Continued from Page 1

The outbreak was set off by a crowd's demonstration against King Carol. They shouted denunciations within earshot of the palace, and sang songs critical of the monarch. Then they began to cry "Long live Antonescu"—thus saluting Rumania's new military dictator, General Ion Antonescu, who was forming a new Government that reduced Carol to a figurehead and broke up a "court camarilla" headed by Carol's red-headed mistress, Magda Lupescu.

### FIRE ON MOB

Despite the salutations to the new Premier, the troops fired when the mob refused to disperse. The official version was that the soldiers had been ordered to shoot into the air, and that any casualties resulted from falling or stray shots. For a short time the demonstrators had control of an armored car equipped with powerful motor hoses. They turned the nozzles upon buildings and scores of them were damaged. They dismantled sidewalk cafes, throwing steel chairs at gendarmes.

## Britain Carries War to Enemy Stronghold But Foe Turns Tail

American Correspondent Describes Operations of Great Britain's Powerful Fleet and Air Force in What Italians Call "Our Sea"

By LARRY ALLEN Associated Press Staff Writer

WITH THE BRITISH FLEET SOMEWHERE IN THE MEDITERRANEAN, Sept. 5.—Britain's powerful fleet and air force, operating in what Italy pretends to call "our sea," have carried the war with bomb and shell to the Italian stronghold of the Dodecanese Islands.

Cruisers and destroyers bombarded the hilly island of Scarpanto, southwest of Rhodes, yesterday, firing heavy charges, while the fleet's bombing planes made the first aerial attack on Rhodes since the war started.

### DISPLAY OF POWER

The Dodecanese Islands were attacked after the British fleet put on one of its mightiest displays of fighting power in the Mediterranean, plainly within sight of the Italian coast for a week. But the British action did not bring Premier Mussolini's sea power into the open for a showdown fight.

Actually the Italian fleet was sighted only once and then it was some 150 miles away. The Italian ships were steaming away.

Italian airmen at Morizza and Calisto in Rhodes were heavily bombed by the fleet's aircraft. Earlier, on August 31, British submarines accompanying the fleet, shelled and torpedoed one enemy unit.

The Italians repeatedly bombed the British fleet both in the vicinity of Malta and the Dodecanese Islands, losing five planes under heavy anti-aircraft fire from British warships and in air battles.

### HEAVY PUNISHMENT

I was the first United States correspondent permitted aboard one of the destroyer leaders accompanying the fleet. From this destroyer, which Italian broadcasts had reported "sunk," I saw the big British ships give the Dodecanese Islands the worst shelling in their history.

The British fleet, eastern and western units, formed a formidable line of steel as it cruised the Mediterranean for nearly a week, meeting nothing more serious than attacks by Italian bombers.

After twice zigzagging in the hope of finding the Italian fleet, the ships headed in the direction of Malta. A few hours later it took up the search again.

On the night of September 3 bullets were pelted in our destroyer announcing that tomorrow there would be action. It was almost impossible to sleep on board this destroyer, but no one seemed to want sleep anyhow with the prospect of action ahead.

Huge sprays of water flew over the bow. Water swept aft along the decks and the destroyer seemed to float on its side rather than on its bottom.

### ACTION AT DAWN

Action came at dawn Wednesday. The guns of the destroyers spoke. A few hundred yards ahead on Scarpanto stood a white house, the residence of the Italian governor, clearly visible.

### OFFER FOR LOAN

KINGSTOWN, St. Vincent, Sept. 5 (C.P.).—The Legislative Council of this tiny West Indian colony today approved a resolution declaring the colony willing to accept postponement of further promised grants, and went further by offering an interest-free loan of £25,000 (about \$110,000) to Britain.

### ONLY THE BEGINNING

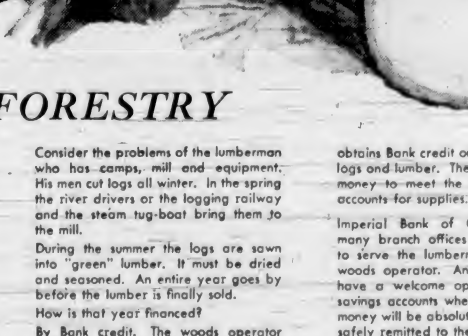

One Iron Guardist, who seemed no more than seventeen, called as he ran panting down the street with a bayonet at his back. "Come around tomorrow night—same time, same place. This is only the beginning."

At the approach of midnight, machine guns were set up in front of the palace, where at dawn the King had given up substantially the last of his power.

It was expected a small compass body will be pledged to stern measures in an effort to hold what is left of Rumania after ceasing to Russia, Hungary and Bulgaria. Bulgaria has not yet moved into Southern Dobruja, but Rumania has been negotiating with her for deliverance of that territory.

Carol was reported considering retirement at his Summer palace at Sinaia, and there were expressed beliefs in Government quarters that he might abdicate, perhaps to join King Lupescu, who was understood to be aboard the Royal yacht at Istanbul, after fleeing the country four days ago.

According to a statement issued by G. A. In August alone, 2,931 cars arrived here this year, as against the 1,571 cleared through the customs during August of last year.

Although there were automobiles from every state of the Union on the island in the first eight months of this year, California was the best represented with 3,222 cars here, while Washington and Oregon came second and third, with 2,400 and 1,180 automobiles, respectively.

O. I. Warren, publicity commissioner, indicated that part of the gain this year was due to contrasting this year's figures against last year's, when a twenty-four-day strike tied up the ferry service.

## IMPERIAL BANK'S USEFULNESS TO CANADIAN BUSINESS

## FORESTRY

Consider the problems of the lumberman who has camps, mill and equipment. His men cut logs all winter. In the spring the river drivers or the logging railway and the steam tug-boat bring them to the mill.

During the summer the logs are sawn into "green" lumber. It must be dried and seasoned. An entire year goes by before the lumber is finally sold.

How is that year financed? By Bank credit. The woods operator obtains Bank credit on the security of his logs and lumber. The Bank furnishes the money to meet the pay-rolls and the accounts for supplies.

Imperial Bank of Canada maintains many branch offices at frontier points to serve the lumberman and the pulp woods operator. And their employees have a welcome opportunity to open savings accounts where they know their money will be absolutely safe, or will be safely remitted to their homes for them.

## Sale of Canada's Second War Loan Opens Monday; \$300,000,000 Is Sought

Twelve-Year Bonds to Bear Interest at 3 Per Cent And to Be Offered at \$98.75—Small Investors to Be Given Preference in Event Of Oversubscription

OTTAWA, Sept. 5 (CP)—Canadian investors will be called upon next Monday morning to subscribe to Canada's second war loan when twelve-year bonds bearing coupons at 3 per cent will be offered to the public at \$98.75, which means an average interest yield of 3.125 per cent.

Finance Minister Isley tonight announced details of the new issue which will go on sale at 9 o'clock Monday morning in all cities and towns.

### LIMITED TO \$300,000,000

Bonds sold for cash will be limited to \$300,000,000. Provision also is made for holders of 4½ per cent bonds, which matured on September 1, to convert their bonds to the new issue. It is understood about \$70,000,000 of such bonds have not yet been redeemed. If offered for conversion the holders will receive \$100.25, which means a cash settlement as between the price of the new bonds and that figure. Mr. Isley said he expected the issue to be oversubscribed.

In that event, the \$300,000,000 will be issued in April 1 and October 1, in the lawful money of Canada, with preference to small investors. The coupon bearing bonds, dated October 1, 1940, will be in denominations of \$100, \$500 and \$1,000. Fully registered bonds, the interest on which is paid by cheque, will be in denominations of \$100, \$500, \$1,000 and \$100,000.

Because the smaller investors have an opportunity to put their surplus in war savings certificates it was decided not to issue the new bonds in denominations lower than \$100, Mr. Isley said.

Preparations for flotation of the second war loan have been going forward for some time and a strong national committee of 200 has been appointed to assist in marketing it. Newspaper advertising, radio talks and posters will be the chief aids to selling this issue. Mr. Isley is expected to make at least one broadcast appeal to the people to support the loan.

Finance Department officials said that so far as the war loan is concerned, the Government is able to borrow money at an interest rate lower than when hostilities were just getting under way. Last January, the first war loan, amounting to \$250,000,000, including conversions, was sold at a rate of 3½ per cent, yielding an average of 3.25 per cent.

Principal of the new bonds will be payable without charge in the full currency of Canada, at Halifax, Saint John, Charlottetown, Montreal, Ottawa, Toronto, Winnipeg, Regina, Calgary and Vancouver. Interest will be payable semi-

This is the splendid mixture of roots and herbs and other efficacious ingredients, now being introduced to the public daily here in this city at the Cunningham Drug Store, Fort and Douglas Sts. It contains over 20 ingredients. So it accomplishes several things within the human system at one and the same time. That is why it has such a splendid action on so many who suffer. Some of the roots and herbs in Mosby's Tonic clear away the gas and pains from the stomach; others help cleanse the bowels; still others invigorate the kidney and liver action, and others relieve the pain of neuritis and rheumatic trouble, due to contaminated, clogged blood. Weak, sickly, constipated men and women get such a cleansing and invigorating from Mosby's Tonic that they soon feel different all over.

People all over Victoria and throughout this section are publicly endorsing MOSBY'S TONIC. For instance, just a few days ago, Mrs. Sydney Carreck, of Lake Cowichan, B.C., made the following statement:

**Distressing Gas and Bloat and Indigestion Pain**

"For a long period of time I had been a regular victim of stomach gas and pain," said Mrs. Carreck. "At first I would have only occasional spells of indigestion, but gradually this became worse, until finally, I got to a place where I suffered after almost every meal. Large quantities of gas would form and blow me up, and at times I couldn't breathe right, due to the pressure from this gas. I got nervous as a result of this suffering, and became rundown in general. For it just seemed like my food wouldn't do me any good. It just laid in my stomach and refused to digest properly, and caused many hours of distress."

**Two Bottles of Mosby's Tonic Gave Relief**

"I tried many different medicines and treatments but during all the

time of my suffering I got no real benefit. Then recently I began to read in the papers about Mosby's Tonic and what it was doing for so many people in this vicinity. So I got it and started taking it. Will say that this medicine is splendid. Just two bottles stopped my years of suffering. I can eat most anything I want now, and no gas or indigestion or distress afterward. In fact, my stomach feels better now than in YEARS. And to show you how well my meals digest, will say that I have more strength and energy. I can't praise Mosby's Tonic enough after what it did for me and gladsly give this statement, endorsing it to ALL."

### New Compound Contains 15 Roots and Herbs

MOSBY'S TONIC contains 15 roots and herbs. These herbal extracts are blended with 8 other splendid medicinal Agents. So it accomplishes several things at the same time. For instance, it acts on bowels as a laxative and helps cleanse out old impure substance that often causes headaches, dizziness, skin eruptions and worn-out feeling. It invigorates the liver and cleanses the blood, and relieves the pain of neuritis and rheumatic trouble. It helps Nature flush excess impurities from kidneys which may have been the real reason all along for backache and night zipping. It stimulates the flow of liver bile, in short, due to its many ingredients, this medicine acts as a veritable laxative, cholagogue and diuretic all at the same time. Weak, worn out people write us daily they get such a cleansing and invigorating from Mosby's Tonic that they soon feel like different men and women. Another thing—due to the immediate action which it exerts, the Price of Mosby's Tonic is Reasonable. So don't hesitate. Get this splendid medicine TODAY—and start taking it.

MOSBY'S TONIC is sold in Victoria at the CUNNINGHAM DRUG STORE, Fort and Douglas Sts., and also sold by all leading druggists throughout Victoria and Vancouver Island. (Adv.)

## REPORTS LOSS OF DESTROYERS

Ivanhoe and Esk Sunk—Express Damaged but Reaches Port

LONDON, Sept. 5 (CP)—The Admiralty announced today the destroyers Ivanhoe and Esk had been sunk by torpedoes or mines, and that the destroyer Express had been damaged.

### A communiqué said:

"The secretary of the Admiralty is pleased to announce that the destroyers H.M.S. Ivanhoe (Commander P. H. Hadow, R.N.) and H.M.S. Esk (Lieut.-Com. R. C. Couch, R.N.) have been sunk by enemy torpedoes or mines.

"A German communiqué issued today claims to have sunk during the last few days five British destroyers, including the Express, Esk and Ivanhoe.

"The truth is that, apart from the Ivanhoe and Esk, no other British destroyer has been sunk, although one destroyer, H.M.S. Express (Capt. J. G. Rickford, D.S.C., R.N.), was damaged, but is safely in port.

"The next of kin of all casualties have been informed."

## LONDON RAID IS LONGEST OF WAR

Continued from Page 1

Industrial property on the busy Thames.

The glare and thud of bursting explosives, the cough of anti-aircraft fire and the dancing pencils of searchlights came last night with the siren wail of the day's third alarm—at 9.17 p.m.

The Nazis' attack last night brought simultaneous clusters of searchlight beams in several areas, and thus it appeared that they had come from a number of directions at once.

Heavy bomb rumbles from the distance formed a deep bass undertone to the sharper notes of the anti-aircraft artillery.

Once a great glow sprang up lighting buildings in sharp silhouette. Some observers thought it might be an oil fire.

**NAZIS OVER MIDLANDS**

Nazi planes also were over the industrial Midlands, the northeast, the northwest, southwest and Wales.

The Germans raided the London outskirts first at 10 o'clock in the morning, bombing and disrupting some communications in the south-eastern metropolitan area before they were driven back by British fighters miles in the sky.

An aerial battle over a cemetery forced the mourners, from the funeral thus interrupted was for four British airmen who died in action on Sunday.

An Air-Home Security Ministry statement issued Thursday night said:

"Enemy aircraft renewed their attacks this afternoon.

"A large force crossed the Kent Coast and split up into two sections and these were reinforced by a small number which followed them across the coast."

### ATTACK AIRBORNE

"These formations attempted to attack airfields on both sides of the Thames estuary. They were all engaged by our fighters and driven back.

"Bombs were dropped on an industrial installation on the Thames side."

"Some damage was done but otherwise the attacks were unsuccessful and no casualties are so far reported."

"It is confirmed that the number of casualties resulting from this morning's attack is very small but include some fatal injuries.

"Bombs dropped in several districts in Kent this morning caused little damage."

### FIRST MORNING RAID

An earlier communiqué said: "Preliminary reports show that this morning's attack resulted in some minor dislocation of communications in the South London area, but that otherwise damage has been slight."

"It is now known that in last night's attacks some bombs were dropped in Wales, where at one point damage was done to a chapel and to industrial property. No reports of casualties have been received."

"Further reports show that in yesterday's air battles over this country, fifty-four enemy aircraft were shot down, two of these by anti-aircraft gunfire. Seventeen of our fighters were lost. One of our pilots previously reported missing is now known to be safe. Our losses in pilots yesterday were, therefore, five."

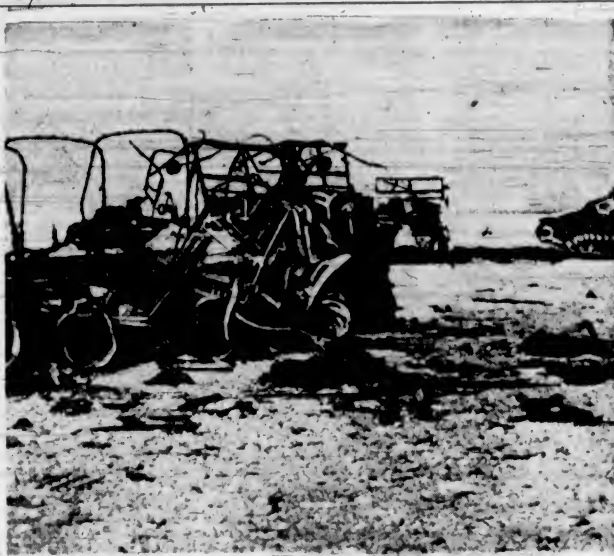

Wednesday night's and Tuesday morning's operations of the R.A.F. included another attack—the sixth—on Berlin objectives.

### UNDER HEAVY FIRE

"Over Politz itself the (anti-aircraft) fire was at first slight and inaccurate," the Air Ministry news service said, "though from Stettin, a few miles south, it was much more violent."

"Anti-aircraft batteries on the other side of the River Oder also

the first salvo was dropped at Politz soon after 11 p.m., and the attack went on for two hours. With visibility good the results in numerous cases were clearly evident.

A pilot who made a shallow dive attack saw a stick of bombs fall right across the centre of the plant. More bombs mushroomed into sight in the middle of the building and then two of a line of tall chimneys fell as a result of a later attack.

"I saw the long buildings of the refineries and six tall chimneys," the pilot concerned said. "As soon as we were satisfied of our position we made a dive attack at 350 miles an hour. We released a salvo of high explosive bombs and scored direct hits on the other end of a big building at the southeast approach to the target. We could see a couple of chimneys topple over and crash. Then there was a big explosion which was followed by a fire you could see seventy miles away."

### POWER STATION BOMBED

Another section of raiders attacked the Berlin West power station at Charlottenburg for a second night, running over their target from just before midnight until almost 1 a.m. Heavy bombs fell within the target area.

Other objectives attacked last night included oil stocks at Magdeburg, a goods yard at Neumburg, south of Bremen, and several air-dromes in enemy-occupied France and Belgium.

Aircraft of the Coastal Command carried out an attack on oil tanks at Cherbourg and docks at Teneucen.

From the widespread operations two British aircraft did not return and one crashed on landing.

## Accidental Death Is Jury's Verdict

CHILLIWACK, B.C., Sept. 5 (CP)—A coroner's jury here has decided that Herman Laine, sixty-six-year-old father for the Vedder Logging Company, met death accidentally when struck by a falling tree on the company's property, near here, August 29.

The jury added a rider to its verdict, recommending that in future felled trees some sort of head protection similar to that worn by miners and athletes.

Laine was a naturalized Canadian from Finland. He had worked with the Vedder Company only three days.

heavy troop and naval reinforcements "in a continuous stream" to the Near East.

The members laughed as he added: "This movement, plainly visible to the Italians, was not molested by them."

The Prime Minister touched briefly on "the severe territorial mutilation" of Rumania. He took occasion to say that Britain does not propose "to recognize any territorial changes" by force in the war.

### RAID INSURANCE

Mr. Churchill said the Government was reviewing the question of insurance against air raid damage to property. In the meantime immediate regulations for recompense in respect to personal injuries and immediate material needs of those smitten were being revised upward.

The Government also is revising the system of making advances from the national exchequer to local authorities to meet liabilities for which the collectable local taxes will not suffice.

Mr. Churchill also revealed that the arrangements for air raid warnings and the blackout are under consideration and he held out hope of changes.

The text of Mr. Churchill's speech appears on Page 5.

Blackheads go quickly by a simple method that dissolves them. Get two ounces of powder from your druggist; apply with a hot, wet cloth gently over the blackheads—and you will wonder where they have gone.

## BEGIN SURVEY FOR NEW BASES

Party of U.S. Defence Experts Arrives in Bermuda To Pick Sites

HAMILTON, Bermuda, Sept. 5 (CP)—The 10,000-ton United States cruiser St. Louis steamed into Hamilton harbor today with defence experts aboard, signalling the opening act to establish United States bases on British possessions.

The American officers began their survey almost immediately. While some of them toured Bermuda in one of the few automobiles permitted on the colony, others flew over the group of islands in planes launched from the St. Louis soon after their arrival.

The United States experts are here to study the possibilities of establishing a defence base in Bermuda for the protection of the Western Hemisphere. Similar naval and air bases will be established at points in the British West Indies and Newfoundland, also leased by Britain to the United States.

Admiral Sir W. Greaves headed the United States delegation.

The United States experts will carry on discussions with Governor Sir Denis Bernard and Vice-Admiral Sir Kennedy Purvis.

Admiral Greenleaf said in an interview the United States experts would remain in the British colony for "several days" and he was anxious to be here Sunday to attend the cathedral Empire day of prayer for peace.

The programme was opened with selections by the King's Printer's Orchestra. This was followed by a mixed quartette, composed of Miss D. Harper, Miss V. Mylrea, F. Boulden and H. Morrison, who sang "The Girl in the Bonnet of Blue," "The Sinking Hills," "Miss Winifred Appleton," "One Kiss," "Let My Song Fly Your Heart" and "The Second Minuet."

A mock fashion show was held in which R. Lester gave his impressions of a tired ballet dancer. R. Stark modeled a blue velvet evening gown; Miss B. Hogarth, an outfit which was well-deserved collection of ever wear, and Miss Mabel Moore, a basketball uniform dating back to the year 1912. A shadow boxer was shown by Bernard Atkinson, Donald Fish and R. Stark, which proved very amusing.

The girls' quartette, composed of Miss D. Hill, D. Harper, V. Mylrea and Mrs. T. Boulden, all attractively gowned in blue crepe and hoop skirts with frills, sang "Allie Blue Gown" and "Down the River of Golden Dreams." Miss Eileen Chalkett entertained with a Spanish dance. Miss Mae King filled the position of accompanist for the programme. The club is planning several similar appearances later in the season.

## Popular Orchestra Leader Coming

MART KENNEY

VERSATILE and popular leader of the Western Gentlemen, will appear in the Empress Hotel ballroom, with his orchestra, next Monday, under the auspices of the Victoria Kiwanis Club. Kenney's band will play for dancing from 9 until 11 o'clock. A record crowd was on hand for his last appearance here in April, and the clubmen anticipate another successful affair.

Art Hallman, tenor; Beryl Bodene and the trio, Three of a Kind, will be the featured vocalists.

The programme was opened with selections by the King's Printer's Orchestra. This was followed by a mixed quartette, composed of Miss D. Harper, Miss V. Mylrea, F. Boulden and H. ## PROGRESS OF THE WAR

With characteristic clarity and candor Mr. Churchill has again reported to the House of Commons on the progress of the war. Speaking with calm confidence which contrasts sharply with the hysterical utterances of Herr Hitler, the Prime Minister formally announced the exchange of defence bases in Atlantic and West Indian colonies for fifty United States destroyers and warned against any interpretation of the transaction as anything but a move on the part of the United States for the advancement of its frontiers to "take danger by the throat". Mr. Churchill left the impression that the acquisition of the destroyers would release other warships for a new phase of the war which is about to develop in the Middle East.

In his previous speech the Prime Minister said: "Far larger operations than I doubt impend in the Middle East theatre, and I shall certainly not attempt to discuss or prophesy their probable course." Yesterday he announced that the strength of the Mediterranean fleet had been almost doubled and that a steady stream of reinforcements had been sent to the Near East. Predicting heavy fighting in the immediate future, he said that Britain had every intention of retaining her positions and extending her sea power.

Reviewing the aerial fighting over Great Britain, the Prime Minister said that Germany had used more of its air strength than had Britain, and Nazi attacks had proved very costly to the enemy. Neither side had put out its full strength. Heavy fighting could be expected this month and the "whole nation will stand up to it, grim and gay." British defences were well prepared for whatever might come, including an attempt at invasion, an ever present possibility. British air strength was expected to be stronger than that which would be still stronger next year. Answering Nazi claims, Mr. Churchill said that British aircraft losses in the last two months were 558, not 1,900 as claimed by Berlin.

Dealing with the results of German aerial attacks, Mr. Churchill said that they were not serious compared with the issues at stake. Civilian casualties in August were 1,075 persons killed and slightly more than that number wounded, in a country with a population of 43,000,000. The toll of death by enemy attack was only double the average number killed on the roads in traffic accidents. Eight hundred houses were damaged beyond repair; not a large number in a country of 13,000,000 houses.

Before Mr. Churchill's speech an air raid alarm was sounded and the conduct of the House of Commons was like that of the people of Great Britain generally. Proceedings took their normal course until it became advisable to seek the safety of air raid shelters. As soon as the danger passed the members returned to their seats and the Prime Minister was well into his speech before the all-clear signal was given. The quiet, calm determination of the British people was reflected in the orderly, matter-of-fact way in which the House of Commons proceeded with its business, air attack and no air attack.

It was these qualities of the people and their elected representatives, among other things, that prompted Mr. Churchill to declare, with confidence that the Third Reich "will pass away as swiftly—perhaps more swiftly—than did Napoleon's army, although, of course, without any of its glitter and glory."

## THE SECOND WAR LOAN

Money in large amounts is needed to carry on the war and this is the reason for the forthcoming second war loan of from \$250,000,000 to \$300,000,000. Because it must be fully subscribed it will be, but the objective will not be reached if investors assume that the flotation will succeed anyway and their contribution will not be needed. Now is the time for those who can subscribe to make their plans, and for those who are in doubt as to their ability to subscribe, to examine their financial affairs with the firm intention of finding ways and means of contributing to the success of the loan.

Orders of a conditional nature are being received already in considerable volume, according to The Monetary Times, indicating a demand for the bonds and the possible quick success for the loan. Scores of investors throughout the country have been waiting the announcement of a new war loan offering. Funds have been kept for the purpose. Bonds and stocks that would otherwise have been purchased have been refused in order to pile up money for war loan securities. While this tended to keep the regular market inactive, it practically assured the rapid subscription of the new issue. Assured success depends upon the volume of applications that comes from those thousands who have given no thought to the forthcoming loan.

The money will be used for the defeat of our enemies, and the defeat of Herr Hitler means more than simply a military victory. It means the protection of freedom and democracy from complete destruction. That freedom, among other things, means the right to own property and the protection of that property from encroachment by the state. The man who prefers to retain his private rights to property can best protect those rights by purchasing war bonds. By lending money to his own Government for war purposes he thereby assists in the defeat of those forces now making every conceivable attempt to eradicate those rights. There is no protection for property under Nazi rule. The latest proof is in the recent decrees of the Pein Government which state that under totalitarian rule property is no longer private.

## A LASTING MONUMENT

Retiring at the end of this month from the command of the Provincial Museum of Natural History, few men will carry with them into private life a richer fund of pioneer memories, or leave behind as a permanent monument more tangible evidences of a useful life's work, than Francis Kermode, director of the British Columbia Institution. Of more than 100,000 specimens on display at the museum, the bulk in the mammalian and bird divisions were prepared by his own hands, while curator.

On September 23, one week before he is due to leave the service, Mr. Kermode will enter upon his fifty-first year in the Provincial Civil Service. He joined the museum as a lad of sixteen in 1890, when the late John Fannin was curator, and when the museum itself was a one-roomed wooden building on the west side of the grounds, since used by Sir Mathew Ballie Begbie as the Supreme Court. There were then a few hundred mounted exhibits, mostly of big game; and the visitors' book showed some 500 names in a year.

Appointed in charge of the museum in 1904, Mr. Kermode fostered the young and growing institution, which in 1897 had moved into its present—and now much over-crowded—quarters. Today there are more than 100,000 specimens on display, some 60,000 visitors go through the building each year, and the Provincial Museum of Natural History and Ethnology has ranked very high among similar institutions on this continent by no less an authority than Sir Henry Meers, F.R.S., who recently inspected British museums in the interests of a large United States benevolent foundation.

Many men have contributed to the growth of the museum in the last five decades, but none more sincerely or to greater purpose than Mr. Kermode. Of continuing enjoyment to residents and visitors alike, of daily use in connection with the schools, the institution has found time for extra-mural activities, including the Carnegie lecture series of natural history talks between 1934 and 1936, and the commencement at the present time of a replica Indian village now rising on Belleville Street across from the grounds of the Empress Hotel.

Mr. Kermode, who gave his name to the little white bear of the British Columbia coast woods, will take with him the best wishes and the gratitude of a multitude of people. His was pioneering work in its best sense, and it was well done.

**"ODE ON THE DEATH OF WELLINGTON"**

A people's voice! we are a people yet.  
Tho' all men else their nobler dreams forget  
Confused by brainless mobs and lawless forces  
Thank Him, who led us here, and roughly set  
His Saxon in blown seas and storming showers,  
We have a voice, with which to pay the debt  
Of boundless love and reverence and regret.  
To those great men who fought, and kept it ours  
And kept it ours, O God, from brute control;  
O Statesmen, guard us, guard the eye, the soul  
Of Europe, keep our noble England whole.  
And save the one true seed of freedom sown  
Betwixt a people and their ancient throne.  
That sober freedom out of which there springs  
For joyous freedom for our temperate kings.  
For, saving that, ye help to save mankind  
Till public wrong is crumbled into dust.  
And drill the raw world for the march of mind,  
Till crowds at length be sane and crowns be just.  
—Tennyson.

**MALTA**

When the British strength in the Mediterranean is being challenged, as it is today, it is appropriate to recall how that strength was acquired in history. We noted a fortnight ago the few legends of the island which provide the British title to Gibraltar; today Malta is a main objective of Italian attack, and we may remind the world that the British flag came to Malta at the express invitation of the Maltese.

Napoleon had taken possession of the island in 1798; his garrison there was besieged by the English fleet, and surrendered after two years in September, 1800. The Knights of St. John, who had governed the island since the sixteenth century, would then have resumed their control had not the inhabitants petitioned the British Government for the protection of the British flag. The offer was accepted, on the clear understanding that the religion and institutions of the Maltese were to be preserved and at the Treaty of Paris, in 1814, the British occupation was confirmed—Tabled, London.

I know not what course others may take; but as for me, give me liberty, or give me death.—Patrick Henry.

## Note and Comment

By SANDHAM GRAVES

I had a cough by head. At least, I think it is by head. It buzzes when I rise, or when you rise, on the telephone. Don't rig please. There are too many bells going off now. Thaas goodness the typewriter is free of commission free of by cough, having only the sniffles, I said, den, to the typewriter, and lead me id peace—

Are you entertaining British children for the duration of the war? That is good. You can show them Fairland. These "H" islands, right outside your door. See, that little pathway, there, into the woods. That is Fairland to a child. That is the marvelous place where deer leave two-toed tracks in the soft ground; where chickadees tumble, like downs, on the flat boughs of a cedar tree; where red squirrels twist their cones, like expert jugglers; where water rurs, laughing and dancing, through the soft moss, under the black-stemmed ferns, over smooth, brown stones in the bed of the creek.

See, there the quail run tandem over the rocks, piping lilliputian whistles. There is a blue grouse at a hot pole, drinking here, in a clearing, in a green and gold meadow, on the flat boughs of a cedar tree; where red squirrels twist their cones, like expert jugglers; where water rurs, laughing and dancing, through the soft moss, under the black-stemmed ferns, over smooth, brown stones in the bed of the creek.

Look here. This was once an Indian trail, a short-cut from one waterway to another. The deer use it now. It saves them miles in their nightly journey down to the margin of this quiet lake. Look, and you will see their tracks in the wet sand at the mouth of the creek. This set of tracks made by a buck, and that by a doe. There were four of them, too. See, there at the base of that tree, almost like the marks of a cat. They are sleeping now. The deer curled up in the swamp grass, back of the first ridge of hills; the coons deep in the bowl of the Douglas fir; the rabbit, tonight, they will come out again. The words come to life at night.

This is Fairland. No doubt of it. Just look at those trees. This one, with the flat boughs and graceful lines is a cedar. You can tell that easily by its smooth bark, the shape of its branches, and the pungent odor. Here is a pine, with bristly clusters of needles. And there is a Douglas fir, rising straight as a mast. You can recognize the Douglas fir, by the trident back of the seed cones on its cones; by its stature, by its bark, by many other signs, each as plain as this sunlight. Spruce, western hemlock, balsam, they are all here. Some of them were young, when Alfred the Great was in power, if he were rompers. Many have lived for two centuries, turning their young bark into solid wood, raising their heads higher and higher into the clouds; watching the years and the seasons roll, and their roots firmly anchored in the ground.

Listen to the Voice of the Water. It is a grand fairy tale. It is like a silver ball, high up on the hillside, chuckles in the quicksilver rivulet that parts a bed of moss on its way to the creek; leaps and dances in miniature cascades over the small boulders; sings beneath the willows. Gathering strength, the Voice of the Water, roars in the rapids, hurls at the foot of the falls; thunders between rock-ribbed walls before it reaches the broad river of the plains. There it will sigh and murmur sleepily, pressing ever onward to the sea. There are many factories and great cities, and the forest is just outside your door.

There, tag it away, now. I had a cough by head. At least, I think it is by head. It buzzes when you rise, or when you rise, on the telephone. Don't rig, now! It can't rig, now!

## HOTEL CONCERN GIVEN LICENCE

Interior Firms Feature Current Incorporations Under British Columbia Law

The Vancouver Hotel Company, Ltd., was incorporated yesterday, taking out an extra-provincial licence, with registered offices at Montreal and Vancouver, and authorized share capital at \$500,000. Small interior concerns featured domestic incorporations during the week, in a list cited as follows:

Vernon Bakery, Ltd., \$10,000, Vernon.

Summers & Frost, Ltd., \$20,000, Kamloops.

Powell Machine Works, Ltd., \$10,000, Kamloops.

D. Davies, Ltd., \$10,000, Vancouver.

Harrison Lake Towing Company, Ltd., \$10,000, Vancouver.

Seaside Lumber Company, Ltd., \$10,000, Vancouver.

Locust Grove, Ltd., \$15,000, Vancouver.

Under the Societies Act, a licence was issued to the Christian Science Society at Courtenay.

Not New Idea

The landing of soldiers from the sky is not a new idea. Benjamin Franklin wrote in 1784: "Two thousand balloons capable of raising two men each could not cost more than five ships of the line. Where is the prince who could afford to cover his country with troops for defence so that 10,000 men descending from the clouds would not be in many places, do an infinite deal of mischief before a force could be brought together to repel them?"

How easy it is to be misunderstood. In his history of England, Lord Macaulay wrote: "Words may easily be misinterpreted by a knave. What was spoken metaphorically may be apprehended literally. What was spoken ludicrously may be apprehended seriously. A particle, a mark, the whole difference between guilt and innocence." Judge Peck, a famous Tennessee jurist, remarked during a trial in 1823: "How easy it is for the hearer to take one word for another, or to take a word in a sense not affixed to it by the speaker."

An optimist is defined as a man who sees a light that is not there, and a pessimist is the bloke who tries to turn it off. They say that color blindness is an ailment going through a red traffic light with a clear conscience—G.B.

## Tardy Tribute

The Provincial Government has seen fit to decree that all pupils of British Columbia schools shall salute the flag "at least one day in each week." One cannot help feeling that this tribute to the flag is a trifle belated and that such a gesture once a week is scarcely adequate. The Province might well have taken a leaf out of the book of some of the Dominions in saluting the flag. It has been a daily ritual in all schools, as a climax to the morning physical training exercises. It is a ceremony that is carried out in no half-hearted, "once-a-week" manner, and has bred a wholesome respect for the flag of the Empire, that has endured in after-school life—R.M.

## EARLY CLOSING

Sir,—It is with very considerable appreciation and gratitude that a section of the community of Victoria will have read of an expression of sympathy on the part of the Police Commission towards the many difficulties of the small retailer.

The early closing legislation was originally introduced—and rightly so—by the police for the protection of retail clerks. This protection is now unnecessary, being fully provided for by provincial legislation, and the sole accomplishment today of the Early Closing By-Law is the protection of big business, which is unable to look after itself.

It is quite safe to state that the attitude of the general public would be favorable towards the entire repeal of the Early Closing By-Law, and that any opposition would emanate mainly from those interests seeking to dominate the entire business of the city of Victoria.

Apart from the much-needed relief of the small retailer, the repeal of the Early-Closing By-Law would present an entirely different aspect of the law to the visitors to Victoria, and to the tourists, and to the sailors and soldiers who are out on leave for an evening—all of whom are people vital to the well-being of the city of Victoria.

## BACK PRAYERS WITH DEEDS

Sir,—The King's request for a national day of prayer has gone forth; also the King of Kings, the mighty God, the everlasting Father, bids us to pray upon Him in the day of trouble. But it is well to remember, as Mr. H. W. Hart points out in his letter (The Colonist, August 15), that prayer is not enough, that we must back up our prayers with deeds. "Faith without works is dead."

Then Mr. E. W. Abraham follows this up with his letter (The Colonist, August 18), saying: "Prayer would be all sufficient were it the prayer of a righteous people." Of course, both these gentlemen are quite right in their respective views. The vital point is that we are a wholly righteous people; the works would be done before the prayers, and then the prayers would be all sufficient. For man's extremity is God's opportunity. Vide—the Dunkerque evacuation. We put forth our supreme effort then and God came to our rescue with the men and the fog and calm sea. Truly, God moves in a mysterious way His wonders to perform."

Now, upon the assumption it would seem to be a wise policy to enlist the services of this Great Power, let us call it our "secret weapon," and let us be assured, as Mr. Abraham declares, "by being a righteous nation." To be as decisive in things eternal as things temporal so that we come not into this condemnation. "Because thou art lukewarm and neither cold nor hot, I will spue thee out of my mouth" (Rev. III, 16). Let us obey the laws, statutes and commandments which God has given us for our guidance. Especially as a nation do we disregard the fourth commandment. "Keep holy the Sabbath Day." Let's face the facts. May I quote from Mr. P. L. Withers (Union): "I do not think that divine power will suddenly intervene in our interest with what is loosely termed an act of God, so long as we persist in shaping and pursuing our own thoughts, immoral and insane course of life, regardless of the law of God" (The Colonist, July 21, 1940).

So let us stand fast in the faith and be of good courage. Indeed, the morning light is already beginning to break.

## Britain Ready Is Churchill Reply To Hitler Threat

LONDON, Sept. 5 (C).—Following is the text of Prime Minister Churchill's speech in the House of Commons today.

These memorable transactions between Great Britain and the United States which I foreshadowed when I last addressed the House have now been completed.

So far as I can make out they have been completed, to the general satisfaction of the British and American peoples, and to the encouragement of our friends all over the world.

It would be a mistake to try to read into the official notes which have passed more than the documents themselves. The changes which have taken place are simply measures of mutual assistance rendered to one another by two friendly nations in a spirit of confidence, sympathy and good will.

These measures are linked together in formal agreement. They must be accepted or rejected. Only very ignorant persons would suggest that the transfer of the American destroyers to the British flag constitutes the slightest violation of international law or affects in the smallest degree a non-belligerence of the United States.

**FRONTIERS ADVANCED**  
No doubt Herr Hitler will not like this transference of destroyers. I have no doubt he will pay the United States out if ever he gets the chance.

That is why I am very glad that the armed air and naval frontiers of the United States have been advanced along a wide arc into the Atlantic Ocean and that this will enable them to take danger by the throat, while it is still hundreds of miles away from their homeland.

The Admiralty tell us also they are very glad to have these fifty destroyers and they will come in most convenient to bridge the gap which inevitably intervenes before our considerable wartime programme of new construction comes into service.

I suppose the House realizes that we are going to be a good deal stronger next year at sea than we are now, though that is quite strong enough for the work at hand.

There will be no delay in bringing the American destroyers into active service—in fact British crews are already meeting them at various ports where they are being delivered.

That is a case of what one might call the long arm of coincidence.

**RUMANIAN DISMEMBERMENT**  
The House will have observed that Rumania has undergone a severe territorial mutilation. Personally I have always thought that the southern part of the Dobruja ought to be restored to Bulgaria and I have never been too happy about the way Hungary was treated after the last war.

We have not at any time adopted, since this war broke, the line that nothing could be changed in the territorial structure of various countries. On the other hand we do not propose to recognize any territorial changes which take place during the war unless they take place with the free consent and good will of the parties concerned.

No one can say how far Herr Hitler's empire will extend before this war is over. But I have no doubt it will pass away as swiftly—perhaps more swiftly—than did Napoleon's army, although of course without any of its glitter or glory.

The general air battle of which I spoke last time we met together continues. In July there was a great

deal of air activity, but although August has been a real fighting month, neither side has put its full strength.

**NAZI ATTEMPTS COSTLY**  
The Germans have made a very substantial and important effort to gain the mastery and they have certainly put forth a larger proportion of their total air strength than we have. It is necessary up to the present to employ against them their attempts to dominate the Royal Air Force and our anti-aircraft defences by daily attacks have proved very costly to them.

The broad figures of three to one in machines and of six to one in pilots and crews of which we are assured do not by any means represent the total injury inflicted upon the enemy.

"We must be prepared for heavier fighting in this month of September. The need of the enemy to obtain a decision is very great, and if he has the numbers with which we have hitherto credited him, he should be able to magnify and multiply his attacks during September."

Firm confidence is felt by all responsible officers of the R.A.F. in our ability to withstand this largely increased scale of attack and we have no doubt that our people will take the example from our airmen and be proud to share their dangers with them and to stand up to these attacks.

**THE TEMPER OF THE NATION**  
That is the temper of the nation. Even if the average attack is doubled or trebled, which last is most unlikely, we can stand it, however long, and we shall emerge from it actually and relatively stronger in the air than we were before.

Our Air Force today is more numerous and better equipped than it was at the outbreak of war or even in July. And we are far nearer the German total of numerical strength than we expected to be at this early period of the war.

I asked that the German claims of British aircraft destroyed during the months of July and August should be added up. It was curious to see the total. They make the surprising figure of 1,921 British aircraft destroyed.

It is rather like figures we have heard about our fleet which has had many ships sunk many times over.

The actual figures of British losses which we have published daily for these two months amount to 558. Our loss in pilots is, of course, very much less. I do not know whether Herr Hitler believes the truth of his own published figures. (Laughter.) I hope he does.

**SUNK IN SELF-DECEPTION**  
It is always good to see the enemy sunk in error and self-deception. How very differently this air attack has turned out from what we imagined it would be before the war.

## Shot Down in Attack on British Naval Base

Portland's Anti-Aircraft Guns Accounted for This Big Junker 88 When It Took Part in a Raid on the Big British Naval Station on the Southern Coast. Mechanics Are Examining the Plane While Armed Soldiers Stand Guard.

More than 150,000 beds have stood open in our war hospitals for more than a year.

When the British people make up their minds to go to war they expect to receive terrible injuries. That is why they try to remain at peace so long as possible. So far as the air attack is concerned, we have found it to be up to the present far less severe than what we prepared ourselves to endure and what we are still ready to endure.

One thousand and seventy-five civilians were killed during August in Great Britain and a slightly greater number have been seriously injured. Our sympathy goes out to the wounded and to those who are bereaved, but no one can pretend that out of 45,000,000 people there are losses which if they are multiplied two or three times, as they may be, would be serious compared to the majestic world issue at stake. Apart from minor or repairable injuries about 800 houses have been destroyed or damaged beyond repair. This is out of a total in the island of 13,000,000 houses.

These figures, of course, are very different of the estimate of damage given by the Weir Committee, which considered and decided against the possibility of an insurance scheme against air raid damage to property.

**AIR RAID INSURANCE**  
It would, in my judgment, be worth while to have a further examination of such a scheme, particularly as it would affect the small man, and to make this examination in the light of the fact which we now know and also of the future possibilities, about which we are in a far better position to form an opinion than we were before the war.

I have, therefore, asked the Chancellor of the Exchequer to consider the best way to make such a review in the light of the facts as they are known today.

It is very painful to see some house or business smashed by enemy fire and to see it without feeling assured that we are doing our best to spread the burden so that we stand it together. Damage by enemy action stands on a different footing from any other kind of loss or damage. The nation undertakes

the task of defending the lives and property of its subjects and the taxpayer against assaults from outside. We could not, however, unless public opinion and the judgment of the House were prepared to separate damage resulting from enemy fire from all other shading off of war losses—attempts to deal with this matter.

If we were able to embark on such a project as would give complete assurance, at any rate up to a certain minimum figure against war damage by shell or bomb, I think it would be a very slight mark of the confidence which after some experience we are justified in feeling about the way we are going to come through this war.

In the meanwhile, the Chancellor of the Exchequer, who has to give so many kicks, and on whose wisdom and practical good sense those who have been his colleagues have learned to rely, has agreed to the following arrangement in addition to the satisfactory provisions which have already been made in respect of the personal injuries and immediate needs of the smitten.

**PAYMENTS FOR DAMAGES**  
At present where the income of the claimant's household does not exceed £400 (about \$1,780) a year and his resources are limited, payments are made to cover damage to essential household furniture to a maximum of £50 and similar payments are made in respect of personal clothing up to £30 subject to income limits of £400, where there are dependents and £250 where there are no dependents.

It is now proposed to abolish these upper limits of £50 and £30, respectively, so that payments for damage to furniture or clothing for persons of limited means will now be made up to 100 per cent of the damage whatever that amount may be.

Hitherto there has been no provision to enable workmen to replace tools which are their personal property and the use of which is vital to their employment. It is proposed to remedy the hardship by making provision for payments for this purpose subject to the same income limits which apply in the case of the clothing advances. Similar payments will be made to professional

people within the same limits of income.

**FOR SMALL RETAILERS**  
Finally there is the case of the small retailer not insured under the Board of Trade commodities scheme. Here payments up to £50 will be made within the same income limits as for clothing or tools in order to enable retailers to replace stocks essential for the continuance of trading. In all these three cases appropriate mitigating measures will be taken in border line cases lying just above the income limit.

(The Prime Minister next referred to coast towns which have been declared to be evacuated areas for the purpose of the defence regulations. On this subject he said a number of members had made representations to the Government as it was their duty to do.)

The Minister of Health will be prepared on application from the authorities in those areas to make an advance out of Exchequer funds to enable the authorities to meet liabilities for which the collectable rate revenue will not suffice.

These advances will be free of interest. The term advance in this case is understood to mean that the Government retain the right to call for repayment, but the question of how far this right will be exercised will be considered after the war in the light of financial circumstances that then prevail in the areas and the country generally.

**CONDITIONAL ADVANCES**  
These advances must be conditional on an examination of the estimates of expenditure and revenue, and the Minister of Health will arrange for officers of the Ministry of Health to visit the towns concerned and to confer with the mayors and principal officials—very lucky fellows some of them.

Such conference will afford an opportunity of advising and assisting local authorities as to the best means of securing all reasonable income consistent with the maintaining of essential services and also advising about the collection of revenue.

These local authorities will not in the present circumstances be required to increase their present rate of poundage as a condition of financial assistance.

It is recognized that the shortage of rate income will involve a deficit in the rate levied to meet county council precepts. It is understood that some local authorities are proposing to limit the payments in respect of county precepts to a proportion of the total rate, which represents the county rate they have been able to collect.

The Government propose to recognize and validate this arrangement if an unreasonable burden is thrown on a county's resources. The Government would not refuse to consider extending to the county council some measure of assistance. We must expect for some time to have to carry on our work under these strange conditions but they are conditions to which the fortitude and adaptiveness of the British people will not be found unequal.

**CONTENT OF NERVES**  
If there is to be, as is suggested in a recent oration, (laughter) a contest of nerves and will power and endurance in which the whole British and German people are to engage, be it sharp or be it long, we shall not shrink from it.

We believe that the spirit and temperament bred under institutions of freedom will prove more enduring and resilient than anything that can be got out of the most efficiently imposed mechanical discipline (cheers).

In the light of what we have learned far we have come to the conclusion that the arrangements for air raid warnings and what is to be done when they are given require very considerable changes.

There is really no use, no good sense in having these prolonged banished howlings (laughter and cheers) of the sirens two or three times a day over wide areas simply because hostile aircraft are flying to or from some target which no one can possibly know or even guess. All our precautionary regulations have hitherto been based on this siren call and I must say I admire the ingenuity of those who devised it as a means of spreading alarm.

**WARNINGS OF RAIDS**  
Indeed, most people now see how very wise Ulysses was when he stopped the ears of his sailors to sleep, songs, but he himself used firmly to the mast for duty (laughter). Now that we are settling down to the job we must have different arrangements from those devised before the war. It is right that everyone should know that the raid warn-

stream of convoys with reinforcements to the Middle East. In particular a few days ago we found it possible almost to double the effective strength of our fleet in the Eastern Mediterranean, by sending out some of our most powerful vessels to reinforce the flag of Sir Andrew Cunningham, the admiral in the Eastern Mediterranean. This movement, plainly visible to the Italians, was not molested by them (laughter).

**VALIANT ISLANDERS**  
Some of our great ships touched at Malta on their way and carried a few things which were needed by those valiant islanders and their garrison, who under the remarkably resolute Governor, General Dobbie, are maintaining themselves with the utmost constancy.

We have every intention of maintaining our positions there with our utmost strength and of increasing our sea power and the control which follows from sea power throughout the Mediterranean, not only in the Eastern basin but in the Western basin. In this way, both at home and abroad, we shall persevere along our course, however the winds may blow (cheers).

## FORMER VICTORIA MINISTER DIES

Rev. Robert Wilkinson Passes to Rest in Vancouver Hospital—Funeral Monday

In St. Paul's Hospital, Vancouver, Rev. Robert Wilkinson, aged seventy-seven years, passed away on Wednesday. Mr. Wilkinson was born in Cumberland, England, and had been a resident of British Columbia for fifty years, during which time he preached from many pulpits on Vancouver Island, the Lower Mainland and Vancouver, both for the Methodist Church and later the United Church. From 1911 to 1922 he occupied pulpits in Victoria, including Belmont Avenue United Church and Wilkinson Road United Church.

He was a former president of the Conference of the United Church of British Columbia. He had been retired from active ministry for several years. Besides his widow, he is survived by three daughters and two sons.

The remains will arrive in Victoria on Monday afternoon's boat from Vancouver and the cortege will proceed direct to Ross Bay Cemetery.

**MUST GIVE CLEAR GUIDANCE**  
All our regulations require to be shaped on the new basis which is being established by actual contact with events. Responsibility to give clear guidance to the public in time of war is imposed on His Majesty's Government. In order to preserve the confidence shown by the House and the public the Government must act with consistency. I have therefore asked the various departments concerned to review the whole position as a matter of urgency.

In this matter one must expect to proceed by trial and error, and also to carry public opinion along with us, but what we want is the greatest measure of real warning that is compatible with what all our people are resolved upon, namely the active maintenance of war production. I will not make a specific pronouncement today because we are in negotiation with very important bodies concerned of employers and employed throughout the country.

We want to move with precision and elasticity and I would like to have a further opportunity of considering between the different bodies that are in consultation with the Government as this is a matter which affects scores of millions of people. I will not attempt to make a specific announcement today, but such an announcement must be made in the next week at the latest.

**LIGHTING OF STREETS**  
There is one other point I should like to mention, and that is the lighting of streets in the centres of the cities of our country. Winter is coming on and I hope we are not going through all that gloomy business we went through last year.

I have asked a committee of responsible people versed in this matter to meet together to see how we can make lighting to cheer the people during the winter months and at the same time observe the purposes of the alert and alarm. It is not impossible and I trust I shall be able to produce some proposals which will necessarily be of a highly detailed character.

No one must suppose that the danger of invasion is past. The Secretary for War is absolutely right in enjoining the strictest vigilance upon the great and growing armies which are now entrusted in this country to the command of Sir Alan Brooke.

**CUT BOTH WAYS**  
I do not agree with those who assume that after the fifteenth of September, or whatever is Herr Hitler's latest date (laughter), we should be free from the menace of deadly attacks from overseas. Winter with its storms, its fogs and its darkness may alter the conditions but some of the conditions cut both ways. There must not, however, be any relaxation of effort or wise precautions, both of which are needed to save our lives and save our cause.

I shall not be giving away any military secret if I say we are very much better off than we were a few months ago, and if the problem of invading Great Britain was a difficult one in June it has become a far more difficult and far larger problem in September.

While all these preparations for home defence have been going forward on a gigantic scale we have not hesitated to send a continuous

**YOUNG**—There passed away very suddenly at St. Joseph's Hospital, yesterday, Walter Carmichael Young, Mr. Young, who was seventy-three years of age, was born at George's River, N.S., and had been a resident of this city for the past thirty-three years. He leaves to mourn his passing, his wife, Elizabeth, at the family residence, 2814 Rockwell Avenue; two daughters, Mrs. K. Edgewood, 2818 Rockwell Avenue, and Mrs. A. E. Caswell, Fort Street; one son, Weston E. Young, in Toronto; also two brothers in Nova Scotia, and one sister in Maine. Funeral services will be held Saturday at 2 p.m. from the S. J. Curry & Son Funeral Home. Interment will be in the family plot in Ross Bay Cemetery.

**BOUVETTE**—Funeral services for Ida Bell Bouvette will be held this afternoon from McCall Bros' Funeral Home at 2 o'clock. Interment will be in Colwood Burial Park.

**GREY**—Thomas Grey, aged sixty-seven, of 1002 Wharf Street, died yesterday at the Jubilee Hospital. Born in Bolton, Lancashire, England, he had been a resident of this city for twenty-one years, and leaves his widow, at home, and one daughter, Miss Millie Grey, and a sister in England. The funeral will take place on Saturday afternoon at 2 o'clock from the Sands Mortuary, under the auspices of the Victoria Branch of the United Order of the Island Lodge No. 131, Sons of the Empire.

### FAREWELL TO BACKACHE!

Has back ached—ache felt miserable—no one could help—couldn't get out—lost contact with friends and was lonely. Here is a real advice to take Dodd's Kidney Pills. Her backache soon vanished—relief and energy returned—her eyes sparkled—her step was sprightly—and once again she was "old 115". Say GOODBYE TO BACKACHE with Dodd's Kidney Pills.

England. Rev. Canon Chadwick will officiate. Interment will be made in Royal Oak Burial Park.

**SMITH**—Sheila Munro Smith, aged three years and four months, only daughter of Mr. and Mrs. Thomas N. Smith, of 420 Vancouver Street, died yesterday at St. Joseph's Hospital. She was born in Victoria and is survived by her parents and her grandparents, Mr. and Mrs. Neil McMillan, Nanaimo. The funeral will take place on Saturday afternoon at 2 o'clock from McCall Bros' Funeral Home, Rev. J. L. W. McLean officiating. Interment will be in Colwood Burial Park.

**JONES**—On Wednesday at St. Joseph's Hospital, as the result of an accident, the death occurred of Daniel (Danny) Jones, aged nine years, of 724 Herald Street. He was born in Victoria and is survived by his mother, Mrs. Emily Jones, and two sisters, Eileen and Marjorie, at home. The funeral will take place on Monday afternoon at 2 o'clock from McCall Bros' Funeral Home, Rev. O. L. Jull will conduct the service, after which interment will be in Colwood Burial Park.

**ACREMAN**—The funeral of Benjamin Acreman took place yesterday afternoon, the cortege leaving Sands Mortuary at 1 o'clock, and at 2:30 o'clock services were held in the Presbyterian Church at Sooke by Rev. Samuel Lundie. The hymns sung were "Jesus, Lover of My Soul" and "Safe in the Arms of Jesus." Relatives and many old friends were in attendance, and beautiful flowers covered the casket. The pallbearers were Benjamin, Robert, Ruben and Albert Acreman, all sons of the deceased. The remains were laid to rest in the church cemetery.

**WOODS**—The funeral service of Mrs. Ethel Brown Woods will take place this afternoon at 2 o'clock in Sands Mortuary, followed by cremation.

**GAWLEY**—The funeral of Mrs. Matilda Gawley will be held from Hayward's B.C. Funeral Chapel this afternoon at 2 o'clock, Rev. C. D. Clarke officiating, and interment will be made in the family plot in Ross Bay Cemetery.

## FIGHTS MARK OCCUPATION

### Small Clashes Occur as Hungarian Army Marches Into Transylvania

CLUJ, Transylvania, Sept. 6 (AP).—Small but bloody clashes between retreating Rumanian soldiers and the advancing Hungarian army of occupation occurred on the North Transylvania border, it was officially announced tonight.

The chief executive official of Cluj said a number of deaths had occurred. He said that the skirmishes were isolated, and the withdrawal was in general orderly.

Col. Strat, organizer of a "Legion of Death" which was reported preparing to resist the Hungarians with a force estimated at 3,500 men, still was at his frontier post of Sacueni, having defied the Rumanian Government's order to leave.

### NUMEROUS DISORDERS

Deep in the Carpathian Mountains, in the area of Transylvania ceded to Hungary, numerous outbreaks were reported. In Southern Transylvania, which remained in Rumania, angry citizens at Arad broke into Hungarian and German shops and attacked Germans and Hungarians on the streets.

At Timisoara, Germans were beaten and stripped.

In Cluj, workmen in Hungarian-owned plants established an armed guard after they had been driven out by Rumanian soldiers.

Hungarian soldiers began the occupation of Northern Transylvania yesterday, carrying the ancient flag of the Magyars back toward the high slopes of the Carpathian Mountains.

### LEADS ON WHITE CHARGER

The first contingent of 2,000 Hungarian troops—the advance units of 80,000—arrived like conquerors in a medieval pageant, led by the Hungarian regent, Nicholas Horthy, on a white charger.

But it was a new kind of conquest familiar to Axis diplomacy, and not the old conquest of the sword. By prearrangement—the prearrangement made by Hitler and Mussolini when they ordered Rumania to give up this area to them from Hungary in the 1919 settlement—the Hungarians moved in. By prearrangement, Rumania's forces moved out.

Four Rumanians and one Hungarian, killed in one of the many struggles, which followed the surrender by King Carol II. Government of one more part of Rumania, were buried here in private last night's lighting start again.

### DANISH SHIP SUNK

NEW YORK, Sept. 5 (AP).—The Danish passenger steamship Rise, 107 tons, struck a mine and sank near the Phoenix Islands Monday with a loss of eight lives, the New York Maritime Register reported today.

### FURIOUS ENGAGEMENT

ROME, Sept. 5 (AP).—British Italian air and naval fighting of a scope hitherto unreported from the Mediterranean has broken upon that sea, according to Italian reports.

One furious engagement carried the war into the Dodecanese Islands, an Italian-owned maze off the Turkish Coast, where British planes and naval craft bombed and shelled Italian naval bases.

The Italian high command claimed today that in this and a Western Mediterranean engagement six British planes were destroyed and a cruiser and two destroyers were "successfully" attacked by torpedo boats.

Upon reading the title-page of Mr. Keynes' brochure, "How to Pay for the War," a dear old lady promptly wrote suggesting that a whisky drive be held.

The Italians acknowledged the wrecking of two of their planes on the ground from the air attacks.

Two British plane formations, flying from carriers or land bases, blasted Italian airfields at Guadarrama and Mariza, in the Dodecanese Islands, while British naval units turned their heavy guns on Scarpanto, southernmost of the Dodecanese group.

The Italians acknowledged the wrecking of two of their planes on the ground from the air attacks.

"What does that remind you of?"

White horses have always stood for good luck... and when it comes to selecting Real Old Scotch, "White Horse" is your lucky choice. You'll bless the day you first discovered the smooth, light taste—the deep, full flavour—the fragrant peat-and-heather aroma of White Horse Whisky. Famous since 1746 for choice quality.

## Many Problems Confront Wartime Foster Parents

Requests Received at Welfare Council Headquarters for Booklets Dealing With Care And Upbringing of Children

OTTAWA, Sept. 5 (CP).—The problem of being a good father and mother is a puzzling growing number of Canadian foster parents, who have opened their homes to British guest children. They have been asking Dr. Janet Lang, Ottawa, about it.

Dr. Lang is in charge of material and child hygiene at the Canadian Welfare Council headquarters here and today during an interview, she exhibited a pile of written requests for the council's series of letters to parents on the care and development of children from the pre-natal period to the age of sixteen years.

"Being willing to take children isn't enough," said Dr. Lang. "Our booklet of ten letters called 'The First Years at School' and covering the ages of six to eleven years is one of the most popular, apparently. Many foster parents want it and we're getting requests from foster

parents in the United States, too." The letters of guidance for parents are gathered into six booklets, some published in both French and English. They include two series of pre-natal letters for expectant mothers and the care of a baby during its first year. Pre-school age letters take the child up to six years and other letters concern the child from twelve to sixteen years.

"These latter letters can be particularly useful to those who have taken children for the duration of the war," said Dr. Lang, "because they deal with character building, moral and psychological problems as well as questions of feeding and physical well-being."

This parent-help division of the council was created in 1936. Last year 372,865 copies of ten letters were distributed throughout Canada, Dr. Lang said.

### Y.M.C.A. Auxiliary

The Ladies' Auxiliary of the Y.M.C.A. held the first of its resumed meetings yesterday to discuss work for the coming year, the meeting taking place at the home of Mrs. James Fletcher, Beach Drive, with the president, Mrs. Edwin Tomlin, in the chair. It was decided to hold the Autumn silver tea on Wednesday, Sept. 18, at Mrs. Fletcher's home. As the affair is one of three social occasions of the year sponsored by the auxiliary to raise funds for the work, the organizers expressed the hope that members and friends would give every assistance. Reports were heard yesterday from various committees. The house committee reported concerning renewal of linen and general repairs carried out during the summer. It was stated that the sleeping accommodation of the Y.M.C.A. had been taxed to capacity at times. Interesting reports were also given about the work being done at the Y.M.C.A. hut at Macaulay Point and Patricia Bay. Votes of thanks were passed to the many kind friends who had given voluntary assistance with the canteen at Macaulay during the rush hours in the evening.

### Wilkinson Road W.M.S.

The monthly meeting of the Women's Missionary Society of Wilkinson Road United Church was held on Wednesday afternoon at the home of Mrs. D. W. Phillips, Royal Oak, with Mrs. A. Allison presiding. Mrs. W. P. Brown led in the Scripture lesson and missionary heralds were reported by Mrs. W.

Allison for "Canada"; Mrs. Phillips, "Trinidad" and "Japan" by Mrs. Allan. As temperance secretary, Mrs. Allan gave an outline of the recent appeal made by all the churches to the Federal Government for wartime temperance legislation. Information was given of a Presbyterian rally to be held at the First United Church on September 27. Mrs. Pebernart and Mrs. W. P. Brown, Lang, Mrs. A. Allison and Mrs. Hugh Allison were appointed conveners for the next meeting, which will be held at the parsonage, and at 10 o'clock on the morning of the same day a prayer meeting will be held. Refreshments were served by the hostess, assisted by Miss Eva Phillips.

### Rockland Park W.C.T.U.

The Rockland Park W.C.T.U. met on Tuesday at the home of Mrs. R. Pettigrew, Pandora Avenue. Mrs. P. W. Laid, provincial vice-president, was welcomed back. Mrs. Mossop announced that the fifty-seventh annual provincial convention will be held in Crosby United Church, Vancouver, from September 17 to 20. A scrapbook of press clippings has been prepared by Mrs. Lindley for competition at the convention. Members reported helping with the national registration and Red Cross work. Mrs. G. Holt reported visiting Mrs. John Hall at Longbranch, Toronto, and brought greetings from her. The October meetings will include reports of the convention and a quiz on alcohol and education; also a shower of articles to fill comfort bags. Refreshments were served by the hostess, assisted by Mrs. Hastings.

### Pro Patria W.A.

A meeting of the W.A. to Pro Patria Branch, Canadian Legion, was held recently with Mrs. M. Cheneff presiding. Mrs. B. Ripley reported on war work being done, also on visiting returned men in both hospitals. Mrs. M. Cheneff was appointed delegate to the conference to be held in Nanaimo on September 27. A bus will be chartered for members wishing to attend. Notification must be made with Mrs. Cheneff by telephoning E9254. Plans were completed for a dance to be held in the Shrine Hall on September 18, and a card party in the women's institute rooms on September 17 and September 27.

### Langford Guild

The monthly meeting of St. Matthew's Guild, Langford, was held on Wednesday afternoon at the home of Mrs. W. H. Goodman, Mrs. H. A. Hincks presided and Mrs. G. Kerr acted as secretary. The regret of the members that Mrs. Goodman is leaving the district about the middle of the month, was expressed. A sewing meeting will be held at the home of Mrs. V. Franklin next Monday at 2 p.m. Arrangements were made to hold a Christmas sale on Wednesday, December 4. Mrs. Goodman and Mrs. Franklin served tea.

### St. Andrew's Y.W.M.S.

The Young Women's Missionary Society of St. Andrew's Presbyterian Church met on Tuesday evening at the home of Miss Mary Clay. A paper, "Interesting Facts," was given by Miss Hazel Kennedy and Mrs. L. W. Johnson. Miss Jean McLaren presided in the absence of the president. The next meeting will be held on October 1.

### Spiritualist Tea

The Open Door Spiritualist Church will hold a silver tea in the hall, No. 3, Surrey Block, tomorrow afternoon from 2:30 to 5 o'clock. Mrs. Swan and Mrs. Sweeney will be the hostesses, and the readers will include Mrs. Savan and Miss Hamilton.

## Wedding Is Celebrated Up-Island

DUNCAN, Sept. 5.—St. Peter's Church, Quamichan, was attractively decorated with gladioli and sweet peas, by friends of the bride, for the wedding this afternoon of Miss Helen Barbara LeBage Welsh, second daughter of Mr. A. P. Welsh and the late Mrs. A. M. LeBage Welsh, and Mr. Arthur S. Averill, M.A., Victoria, youngest son of the late Rev. G. Averill and Mrs. Averill, Claypool Rectory, Lincolnshire. Rev. Canon T. M. Hughes performed the ceremony. Mr. E. C. French was at the organ, and Mr. J. Hebert was usher.

### LOVELY BRIDE

The bride, who was given away by her father, was lovely in a Molyneux model gown of ivory lace and net, a small white hat and carried a bouquet of bride roses. She was attended by her sister, Miss Arabella Welsh, who wore a floor-length dress of Queen's blue sheer with a white hat and matching accessories, and carried a bouquet of pale pink carnations. The best man was Mr. F. G. Aldous, Victoria.

After the ceremony, a reception was held at "Wilsons" Cowichan Bay, where Mrs. A. P. Welsh received the guests in a becoming dress of soft blue crepe, worn with a black hat, and accessories and corsage bouquet of rosebuds. Mr. Hastie

that she considered it an honor to be in the succession of president of the first W.C.T.U. in the province, and which was inaugurated by Frances Willard herself in 1883.

New officers include Mrs. A. Swainson, vice-president. Mrs. G. M. Newell, recording secretary; Miss Elsie Hartle, corresponding secretary; and Mrs. J. R. Clements, treasurer. Mrs. Wilkinson conducted the meeting. Announcement of the provincial convention in Vancouver from September 17 to 19, was made.

Cochrane, Victoria, proposed the toast to the bride.

### TO LIVE HERE

After a honeymoon spent on the Mainland, Mr. and Mrs. Averill will make their home at Rockland Court, Victoria. Mrs. Averill traveled in a pretty frock of taupe crepe with amber and gold trimming, small brown hat and veil, and a coat of green boucle de laine with a pink collar.

Among the guests attending the wedding were Mr. and Mrs. H. Knight and Miss Kaker, Mrs. Sander-Mongin, Mr. and Mrs. Garret, Mr. and Mrs. F. G. Aldous, Capt. W. Byrall, Mrs. Godsal, Mrs. G. Hone, Mrs. H. A. Waterman, Mrs. and Miss Patterson, Captain and Mrs. Harding and Frances, Miss Jeanette Cann, Mrs. Shannon, Miss Burchill, Mr. and Mrs. C. C. Cochrane, Mr. and Mrs. Alexander Fraser and Hugh, Mr. and Mrs. Hastie Cochrane, Mrs. Blythe and Mr. and Mrs. B. Cooney, all of Victoria.

### Weddings

#### REDMAN—LEHUQUET

The marriage took place on August 26, at the home of the officiating minister, Rev. F. W. McKinnon, between Mrs. M. C. McKinnon and Rev. W. H. Redman. The couple has taken up residence at Burton, Washington.

#### COZENS—WINDOW

A quiet wedding took place at St. Matthias' Church on August 31, at 8 p.m., when Edith Ruth, elder daughter of Mr. and Mrs. J. Window, of Rickardville, Alberta, and Stanley David Cozens, only son of Sergeant and Mrs. Cozens, Victoria, were united in marriage by Captain Rev. Alan Gardiner, chaplain to the R.C.A.C.F.

The bride was given in marriage by her father, Mr. Arthur Window. The bridesmaid was Miss Mary Pinches, while the groom was supported by Mr. John Patterson. After the ceremony a reception was held at the home of the groom's parents. After spending a short honeymoon on the Mainland, the couple will take up residence in Victoria.

#### HUME—HURY

Duncan and Victoria friends of the bride and groom will be interested in the wedding which took place on August 30 at Prince Rupert of Miss Helen Huby, only daughter of Mr. and Mrs. H. R. Huby, Duncan, and Mr. Frank Gavin Hume, only son of Mrs. A. W. Hume, 1253 Mackenzie Street, Victoria, and the late Mr. F. Broughden Hume. The ceremony took place at the home of the officiating clergyman, Dean Gibson, the bride wearing a dress of silver-colored wool, a beige coat with silver fox collar, beige and wine hat and beige accessories. Mr. and Mrs. Hume will make their home at Prince Rupert, where Mr. Hume and the staff of the Bank of Montreal.

#### EARL—Savage

A pretty wedding was solemnized at St. John's Church on Saturday evening at 7:30 o'clock when Rev. F. L. Shepherdson united in marriage Loretta Melbaine, eldest daughter of Mr. and Mrs. William Savage, Atkins Road, Langford, and Mr. Frederick George Earl, Work Point Barracks, son of Mr. and Mrs. George Earl, 2137 Spring Road, Victoria.

Given in marriage by her father, the bride wore an afternoon frock of Air Force blue, off-the-face hat

### Luncheon Hostess

Mrs. E. W. Hamber entertained at a small luncheon party at Government House yesterday in honor of Mrs. A. Springett, who is here from Montreal.

### Mayor's Wife Is Hostess

Mrs. Andrew McGavin, wife of the Mayor of Victoria, was hostess at a largely-attended tea in the Elizabethan Room of the Empress Hotel yesterday afternoon, in honor of Mrs. Lloyd Morgan, wife of Alderman Morgan, who has been spending several weeks with her family here and who will leave on Saturday to return to California. Mrs. McGavin wore a becoming floor-length frock of Queen's blue French crepe and a corsage bouquet of pink roses. Mrs. Morgan looked smart in a black and white gown, made with a graceful long skirt of black mousseline de soie and a high-waisted bodice of frilled white Valenciennes lace, finished at the square neckline with a bow of narrow black and white ribbon. She wore a black and white turban with a black veil. The tea table was arranged with a large bowl of aster, shading from pale pink to deep purple, and during the afternoon

tea and coffee were poured by Mrs. D. D. McEavish, Mrs. Archie Willis, Mrs. W. H. Davies and Mrs. E. Williams.

### Shower for Miss Forbes

Miss Kathleen Forbes was the guest of honor at a linen shower arranged by Mrs. Douglas Nixon, 1050 Oliver Street, on Wednesday evening. Miss Forbes, who is to be married this month to Mr. Alvin Baker, received a corsage bouquet of gardenias and pink roses, and the gifts were presented in a treasure chest, prettily decorated. Supper was served from a table arranged with pink carnations and pink tulips, over which Mrs. Catherine Forbes and Mrs. F. J. Baker presided, with Mrs. Norman Forbes and Miss Kay Shaw assisting in serving. Games were won by Miss K. Ellis, Mrs. Daryl Bisset and Mrs. Catherine Forbes. The invited guests were: Mesdames Catherine Forbes, F. J. Baker, G. L. Nixon, Gordon Forbes, Norman Forbes, Daryl Bisset, Ian Donaldson, Misses Kay Ellis, Kay Harris, Gladys Tanner, Kay and Wynne Shaw, Helen Peden, Evelyn Foulds, Dorothy Newman and Elizabeth Forbes.

### Gifts Presented

The Evening Branch of St. Saviour's W.A. spent an enjoyable evening recently at the home of Mrs. Hughes, Raynor Avenue, in honor of Mrs. George Boulton (nee Eastick), a recent bride. The guest of honor was presented with a corsage bouquet of pink roses, blue nemesis and maidenhair fern. After the presentation of a walnut end table and walnut coffee table, the bride's friends sang "For She's a Jolly Good Fellow." Games were played, prizes being won by Mrs. R. Bradshaw, Mrs. E. Stewart, Mrs. A. Roach, Mrs. A. Trainor and Mrs. B. Vesey. Refreshments were served by Mrs. Hughes. Those present were Mesdames G. Boulton, R. Bradshaw, J. Loudon, G. Bell, E. Stewart, A. Roach, A. Trainor, R. Poulks, J. Rimmer, K. Roach, G. Jones, Augustine, Hughes, B. Vesey, and Misses Sommerville, M. Beech, G. Pea and M. McBeath.

### Welsh Farewell

About forty members of the Victoria Cymrodorion (W.A.) Society made a surprise call on Sgt. and Mrs. Stanley James last night at their home, 2403 Fernwood Road, to bid the former farewell on the eve of his pending departure. The

evening was pleasantly passed, in typical Welsh fashion, with music including the singing of several beautiful old Welsh hymns and folk songs, and some of the more rousing Welsh patriotic songs in the native Cymry tongue. Among those last, specially in honor to Sgt. James was "Sardref yn ni niadau" ("Farewell, Our Old Love"), and the more modern "There'll Always Be an England" and "Rule Britannia" were also sung with great spirit in Welsh. Informal contributions to the programme were Mrs. W. C. Evans, Mrs. J. C. Williams, Mr. Stanley James, and Mr. Maurice Thomas, who sang solos; Pte. J. Watkins, who added some pianoforte solos; Mrs. R. Evans, who gave a recitation; and Mrs. R. Mason, who acted as accompanist. The Welsh Society president, Mr. David Evans, made some spontaneous happy speeches in his role of master of ceremonies, and extended the best of good wishes from the assembled company to Sgt. James. An informal supper was served.

**Give Shower**  
A miscellaneous shower was held on Tuesday evening at the home of Mrs. T. Peden in honor of Miss Jean Metcalfe, who is leaving tomorrow for Prince Rupert, where her marriage to Mr. Bill Morrell will take place. She was presented with a corsage bouquet of pink carnations, and the gifts were in a pink and white box. A buffet supper was served. The invited guests were Mesdames W. Metcalfe, C. Travers, T. Peden, G. Longstaff, W. Yeaman, R. L. Erb, S. Day; Misses Jean Metcalfe, Patsy Yeaman, M. MacFarlane, Joyce Foster, May Medley, Chris Reid, Kay Renton, "Vicky" Bourke, Glen Jones, Violet Gossell, May Peden and Mary Peden.

An enjoyable evening was spent at the home of Mr. and Mrs. S.

**Birthday Party**  
Mr. and Mrs. John Newberry entertained for their son Alan on Wednesday at their home, 1936 Forrester Street, on the occasion of his third birthday. A color scheme of red, white and blue was carried out in the table decorations and the birthday cake was surrounded with tulle. Ribbon streamers from the chandelier were attached to each corner with toy balloons. A toy airplane was also attached to the chandelier. Small vases of scabiosa and yucca completed the arrangement. Gladioli, zinnias and chrysanthemums were used in decoration of the room.

**Entertains Executives**  
Mrs. James Fletcher, 1456 Beach Drive, entertained the executives of the Women's Canadian Club and the Y.M.C.A. Auxiliary at tea yesterday afternoon following meetings of the two groups held simultaneously at her home. ## RED CROSS

**LAKE HILL UNIT**  
A general meeting of Lake Hill Unit, Red Cross, will be held on Monday at 2:30 p.m. All members are asked to attend.

### 844 GARMENTS

During the month of August, 844 finished garments were received at the Red Cross distributing centre, from the various units in Victoria and district. These included socks, sweaters, bed jackets, convalescent shirts, etc. Over 1,000 surgical dressings were made during the same period. These totals are smaller than usual, as the workrooms were closed during a portion of August. Since January last 24,709 garments and 17,170 dressings have been made by the voluntary Red Cross workers in this city and vicinity.

### GORGE UNIT

The Junior Branch of the Gorge Red Cross Unit has arranged an attractive entertainment to take place in St. Martin's-in-the-Field Hall on Monday at 8 p.m. Among other interesting items will be a display of folk dancing, also two plays. Elaine Minty is convenor, and tickets may be obtained from her, or at the door. The entire proceeds are in aid of Red Cross funds.

The dear old lady had arrived and was telling the family about her traveling experiences. "Such an extremely nice young man came up to me at the station and offered to

give me the winner of the Derby," she said. "Of course, I had to explain that the chickens occupied so much room in the garden that had nowhere to keep a horse."

"HOW CAN THEY MAKE IT SO GOOD?"

Best Foods has no Starchy or Cereal Filler

Best Foods Real Mayonnaise contains only choice "FRESH-PRESS" Salad Oil; newly broken eggs; special vinegar and imported spices double whipped to an extra creamy and full flavored smoothness.

Make no mistake, Salad Dressing is not Mayonnaise, and Best Foods does not turn watery when you add milk or fruit juice!

It's at your grocer's today.

Survivors of Two  
Torpedoed British  
Ships Reach PortMen of War Sloop Penzance and Freighter Blair-  
more Landed at Baltimore—Badly Burned  
Naval Ratings Sent to Hospital

BALTIMORE, Sept. 5 (AP).—Thirty-seven haggard and dazed British sailors and crew members of two British ships, the 4,000-ton freighter Blairmore and the Royal Navy sloop Penzance, both torpedoed and sunk August 24 about 700 miles off the Irish coast, were landed here today.

Landed here unexpectedly last night by the Swedish freighter Eknaren, they were sole survivors of crews of two British vessels, the 4,000-ton freighter Blairmore and the Royal Navy sloop Penzance, both torpedoed and sunk August 24 about 700 miles off the Irish coast.

More than 100 of their shipmates were lost. Their stories, pieced together, indicated the eight injured men were the only survivors of the Penzance.

These, burned, cut and dazed, were among the Penzance sailors taken aboard the Blairmore when it sped to the flaming warship's aid—only to be torpedoed in turn a few minutes later by the same U-boat.

With twenty-nine Blairmore survivors, they were rescued again by the Eknaren.

**VOYAGE SECRETIVE.** So secretive was the Eknaren's voyage that Captain John H. Taylor, the British consul here, said he knew nothing of the rescue or that

the freighter would dock here until late yesterday. The thirty-seven survivors were seventeen hours at sea in two of the Blairmore's lifeboats before the Eknaren sighted them.

Captain Eric Kallstrom, of the Eknaren, made a personal farewell to each seaman and officer, including Captain Hugh Campbell, of the Blairmore, who still was wearing a dirty, torn uniform coat.

"When you got out of those boats, I felt as happy as you did," the big jovial Swede told the survivors. "I'd be only too happy to meet you again, but let's hope things will be different next time." He was roundly cheered.

In a restaurant where the men were taken for dinner after leaving the Eknaren, a sailor drew more shouts when he cried, "Three cheers for the fifty destroyers!"

**BADLY INJURED.** Most seriously injured of the Penzance survivors was twenty-three-year-old Charles Allen, brought ashore in a stretcher and placed under an anaesthetic immediately at the hospital. His face and eyes appeared burned.

Other crewmen gave their names at the hospital as Francis Tooley, twenty-nine; Leonard Barber, thirty-six; Duncan Miller, fifty-seven; John Drazley, twenty-six; William McLaughlin, twenty-one; Harry Hyde, twenty, and Jack Burditt, twenty-eight.

It was learned the Penzance was sunk by a submarine it never saw. None of the crew below decks escaped.

Sinking of the sloop was announced Tuesday by the British Admiralty. Loss of the Blairmore had not been previously disclosed.

**CHARLOTTE WILL BE TOWED SOUTH.** Southbound from Alaskan Waters, B.C.C. Steamer Damages Propeller Blades in Dense Fog

VANCOUVER, Sept. 5 (CP).—The Canadian Pacific Steamship Princess Charlotte damaged her propeller blades when she ran too close to shore in a dense fog early today while returning here from Alaska, C.P.S.S. officials announced today.

The hull of the vessel was undamaged, however, and a passing tug towed her to Kienmu, about 300 miles north of here. The C.P.S.S. tug Kyquog is now on its way north to take the vessel to Esquimalt for drydocking.

Ss. Princess Louise, from Vancouver, will be sent to take aboard the 200-odd passengers, most of them Americans. They will arrive here Saturday.

**NOTICE TO MARINERS.** Mariners are advised that the uncharted light on Thrasher Rock, Gabriola Island, B.C., is reported not burning. This will be attended to as soon as possible.

TRIBUTE PAID  
YOUNG FLYERSFirst Graduates of Mainland  
Training School Honored  
At Luncheon

VANCOUVER, Sept. 5 (CP).—Twenty-three young aviators, the first graduates of the Empire Air Training School here—were honored today by their Royal Canadian Air Force comrades and high-ranking military and naval officers and Government officials at a special luncheon.

Premier T. D. Pattullo presented each of the graduating aviators with a silver identification disk bearing the crest of the R.C.A.F., and Captain L. F. Stevenson, Regina, commander of No. 4 Training Command, paid tribute to the young flyers.

He said that the response of Vancouver citizens in the recent drive to buy training planes—in which funds were raised to buy fifteen machines—was one of the highlights of Canada's enthusiastic war effort.

The twenty-three young graduates, learned to fly at Vancouver's elementary school. They now go to an advanced training school for the Empire Air Training Plan in an advanced course in wartime flying before receiving their wings.

**Soldiers' Socks Darned on March.** LONDON, Sept. 5 (CP).—Little known to the public, but familiar to servicemen stationed at lonely posts, are mobile units of the canteens subordinated for, staffed and maintained by members of the Electrical Association for Women.

In a pamphlet just published, work of the units is outlined by Mrs. William Paterson, who designed and presented the first canteen to the association. She also directs activities of the entire fleet.

Great attention is paid to the training of the personnel and to the welfare side of the work for the troops, who have nicknamed the helpers the "Blue Ladies," because they wear gray toberla blue uniforms with silver buttons.

"The needs of the men, however difficult, are always met," Mrs. Paterson reports. "Once the helpers were asked for dressed crab cricket bat, and a London man, who had never been much in the country, asked for a book on birds."

"A traveling library, arranged with folding portable bookcases, is carried on each canteen so that, during the stops, the men can choose what books they want at their leisure."

"Sometimes as many as 100 or 200 men are met on the march and a halt is made to give them refreshments. Each canteen has a modern kitchen planned to allow two or three workers in it at a time. Fresh flowers and a cheerful clock give a homelike atmosphere, which the men always appreciate."

"Socks are collected and mended, and buttons sewn on, and letters posted for the men, who are most grateful for the services given them."

An electrically-propelled canteen, subscribed for in expence by many of the association's 9,000 members, will soon join the service.

**FEVERISH.** A devoted youth took a girl for a trip into the country the other night, and they stopped in a leafy lane.

Then he saw tears running down her face.

So he took her in his arms and said, "Listen, duckie, let me kiss those tears away."

So he kissed her quite a lot, but the tears still kept on running.

"How can I stop your tears?" he asked her.

"You can't," she said. "It's hay fever. But carry on with the treatment!"

**LOSING DEAL.** The wreck of the 10,000-ton pocket battleship Graf Spee has been bought as scrap for \$5,000—fifty cents a ton. It cost \$1,775 a ton to build.

CORVETTE TYPE  
SHIP LAUNCHEDLatest Addition to Royal  
Canadian Navy Is Chris-  
tened Malpeque

A WEST COAST CANADIAN PORT, Sept. 5 (CP).—Another craft to Canada's growing list of fighting ships—a trim corvette-type vessel—slid down the ways into the water at a flood tide here tonight amid the cheers of a group of naval and military officials and the men who built her.

The ship was christened Malpeque after an East Coast bay, by Mrs. G. L. Stephens, wife of Engineer Captain G. L. Stephens, R.C.N., in charge of naval construction on the Pacific Coast. Mrs. Stephens cracked a bottle of champagne squarely across the bow of the ship and wished it godspeed as workers released the locks and sent her down the ways.

The dedication of the latest addition to the Royal Canadian Navy was read by the senior naval chaplain, Father A. B. Wood and Rev. Arthur Bischoffberger. The launching took less than ten minutes, one of the shortest on record.

Waiting tug came alongside the new vessel following his launching and manoeuvred her into a dock.

**LAUNCHING GUESTS.** Guests at the launching, ceremony included: Angus McInnis, C.C.F. member of Parliament for Vancouver East, and Mrs. McInnis; R. L. Maitland, K.C., provincial Conservative leader; and Mrs. Maitland; Wing Commander and Mrs. A. J. Ashton, Colonel and Mrs. Crossley.

Accompanied by J. V. Johnson, vice-president, and G. H. Harman, member of the board, Duncan MacLennan, president of the Victoria Chamber of Commerce, visited the annual Fall Fair of the Cobble Hill Agricultural Society yesterday.

Escorted about the fair by Lieutenant-Colonel F. Oldham, president of the agricultural society, the visitors were shown exhibits of fruit, flowers, vegetables and livestock. The display of home cooking was especially noted.

Feature of yesterday's show was the jumping competition, when the various classes of saddle-horses were put over the hurdles by the lady exhibitors.

## Women Doing Their Part in Air Transport

LONDON, Sept. 5 (CP).—Nine married women, two of them mothers, are flying Royal Air Force aircraft from factory to maintenance unit and from there to R.A.F. squadrons. They are among the women's section, now numbering eighteen pilots, of the Air Transport Auxiliary.

Commander Oswald d'Elan is in charge of the unit, and says of the women:

"They work hard, fly conscientiously and take no risks. I think these qualities were ingrained in them."

Some of the women are allowed to fly the Miles Master, the monoplane with which the R.A.F. train their fighter pilots; in the stages before they are graduated to Hurricanes and Spitfires.

One of the "flying wives" is Mrs. Grace Brown, forty-two, who has a boy of ten and who astonished R.A.F. pilots in France last Christmas by landing on a rough, advance field with a consistent record for transference. That act made her the first woman to pilot an airplane to France on active service.

Then there are Mrs. Margaret Fairweather, sister of Leslie Runneman, director-general of the British Overseas Airways, and daughter of Lord Runneman; Mrs. Gabrielle Patterson, who before the war was appointed on the Guild of Air Pilots to test instructors in the air; Mrs. Alan Butler, Mrs. M. K. Wilberforce, Mrs. L. Lambton, Mrs. V. Preston and Mrs. Winifred Crossley.

## Donate \$50 To Hospital

A donation of \$50 was voted towards the new unit of the Jubilee Hospital by the Sir James and Lady Douglas Chapter, I.O.D.E., at the monthly meeting held yesterday afternoon at headquarters.

It was reported that the sum of \$299.81 had been added to the war work account as a result of Heather Day. The resignations of Mrs. A. M.

## Enemy Bomb Objectives

Nazi objectives in East London are located in this scale model: (1) Barking, (2) Royal Albert and Victoria Docks, (3) Woolwich Arsenal, (4) London Gas Works, (5) Greenwich, (6) West India Docks, (7) Limehouse, (8) Surrey Docks, (9) London Docks, (10) Tower Bridge, (11) Tower of London.

Pillar, as standard-bearer, and Miss Joyce Pillar, assistant secretary, were regrettably accepted, as they will in future reside in Sidney. In recognition of their splendid work in the chapter, the regent, Mrs. A. S. Christie, presented Mrs. Pillar with a Venetian glass bowl etched with sterling silver, and Mrs. Bertha Parsons presented Miss Pillar with a Venetian blue compact. Mrs. Muford was appointed standard-bearer.

The educational secretary, Mrs. G. W. Pitt, reported \$979 spent last year on bursaries in Victoria and vicinity. Mrs. W. C. Moresby and Mrs. McArthur were accepted as new members. It was decided to sell tickets for the hand-woven rug

donated by W. Hastie Cochrane. The secretary read the report of the Provincial executive committee meeting in Vancouver and reported that the chapter was over-subscribed and with the balance subscribed it is proposed to purchase a fighter plane to protect the bomber.

A good supply of socks was turned in at the meeting and more wool was distributed. Mrs. R. B. McMicking congratulated the chapter on the success of Heather Day. Tea was served by the executive.

"Marie wears awfully tight shoes, doesn't she?"

"Yes; it's her only chance of being squeezed."

### STORY OF SOUTH IN TECHNICOLOR

"Maryland," Opening at Dominion Today, Is Stirring Romance Blended With Comedy

In Darryl F. Zanuck's Technicolor production of "Maryland," the 20th Century-Fox picture which comes to the Dominion Theatre today, the soul-stirring story which captures the romance, color and traditions of the proud South is blended with comedy galore.

The famous Maryland Hunt Cup Race, with flaming silks flashing against blue sky and green turf, as stout-hearted thoroughbreds compete, forms a breath-taking climax to the film. Featured in the cast are Walter Brennan, Fay Bainter, Brenda Joyce, John Payne, Charlie Ruggles, Hattie McDaniel and Marjorie Weaver. Henry King directed.

### SPENCER TRACY CAST AS EDISON

Story of One of America's Most Beloved Characters Will Open at Atlas Today

Bringing to the screen a true-life picture of one of the most beloved American characters of all time in a story that is faithfully authentic yet thrillingly dramatic, "Edison, the Man" opens at the Atlas Theatre today.

The picture stars Spencer Tracy, twice named by Hollywood players themselves as the screen's leading actor and now accredited with being the leading portrayal of real-life characters because of his earlier performances as Father Flanagan in "Boys Town," Henry M. Stanley in "Stanley and Livingstone" and Major Robert Rogers in "Northwest Passage."

OAK BAY A historical fact brought to light during the filming of the Warner Bros. spectacular romance, "Virginia City," which is now showing at the Oak Bay Theatre, records that the discoverers of the famous Comstock Lode which yielded hundreds of millions to its operators, died in abject poverty.

CADET Dancing as you like it. Theatre From rapid-fire taps to the dreamiest of waltz-time. From exotic rumbas to faithful ballet. That is the line-up of dance events presented in "Broadway Melody of 1940," which is now showing at the Cadet Theatre, starring Fred Astaire and Eleanor Powell.

PLAZA George Formby tops all previous successes in his latest picture, "It's in the Air," which is now showing at the Plaza Theatre. With a passion for uniforms, George endeavors to join the R.A.F., but is even rejected for A.R.P. work. De-

The new picture is now showing at the Capitol Theatre.

Mrs. F. Stead Reads Report

Highlights of the National Chapter, I.O.D.E., meeting held in Saint John, N.B., in May were vividly given by Mrs. Frank Stead, provincial president of the I.O.D.E. in British Columbia, before a large gathering of members in the Municipal headquarters last evening.

Mrs. Stead had come over from Vancouver on purpose to present her report as delegate to the National Chapter meeting, and the local members were greatly interested in all she had to tell them.

In addition to a resume of the work accomplished, the resolutions passed and the plans outlined for intensive war relief programs, Mrs. Stead incorporated into her address personal anecdotes and accounts of the social side of the meeting. She was enthusiastic in her praise of the hospitality accorded the delegates and expressed her gratitude in having been able to give a good account of the contribution made by British Columbia to all branches of work of the order.

One of the outstanding accomplishments had been the purchase of a Bellingham bomber the sum, asked for, \$100,000 in four weeks, having been over-subscribed by \$50,000. This amount, Mrs. Stead reported, is to be forwarded to Lord Beaverbrook for the purchase of aircraft. It is proposed that a fighter plane be purchased.

## Originality Keynote of Style-Show

NEW YORK, Sept. 5 (AP).—A pair of white birds' wings perched on the boom, a net neckline which falls in a narrow "V" to the waist, and slim dinner dresses with their skirts slit up to the knee, had the American style world today in a flutter. Those were among the highlights at one of the most scintillant fashion shows ever held in the United States—last night's showing of Bergdorf Goodman's American-designed collection.

Accompanied by music and the tinkle of champagne glasses, in the manner of Parisian style shows before the war, mannequins paraded in 300 originals. Built and daytime sliver stem-like and slit to the knee, they were quiet, sometimes into tiny pleats or huge dolman sleeves.

dresses were simple, beautifully fitted, usually with slightly flared skirts and squared shoulders. For evening, the imagination ran riot with luxurious fabrics, skirts flung transparent effects obtained by posing black lace bodices on a flesh-colored base.

Jet and metallic fabrics starred in the collection. The pearls were exquisitely worked, sometimes into tiny plaques or huge dolman sleeves.

## VICTORIAN IS DEFEATED IN JASPER GOLF

Peggy Hodgson Loses to Barbara Winn in Semi-Finals of Meet

JASPER PARK LODGE, Alta., Sept. 5.—The three chances to one for the United States to capture the Totem Pole golf championship as a result of this morning's play here, Black, Calgary, former holder of the title, is the only Canadian left. Others to reach the semi-finals were Don Thompson, Portland, defending champion; Dr. D. S. Houston, and Dr. R. Janson, both of Seattle. Thompson will meet Black on Friday, and Houston and Janson will meet.

In the women's championship, the United States holder of the honors, Miss Barbara Winn, Seattle, will meet Mrs. P. B. Ross, Kalkpell, in the final on Friday.

In the championship, Don Thompson turned in a typical Thompson game against W. Hoggan, Nanaimo. He made the turn in 37 to be two up, and then took the next four holes, which included two birdies, to end the match, 6-4. Herb Black began to show signs of trouble against Pete McIntyre, Trail, and was two down at the turn. McIntyre, ran into some putting trouble, but Black never made a mistake and turned his defeat into a lead to win the match on the sixteenth. In the lower half of the draw, Dr. Dan Houston, Seattle, met Alex McKinnon, of Edmonton, and by steady golf moved to the semi-final brackets. In the bottom rung of the ladder, Dr. Janson of Seattle, who upset the calculations by defeating Wilder Ripley the previous day, defeated Elmer Herb, of Vancouver, handily.

Flight winners follow: First Flight—Stan Haynes, Victoria, defeated C. C. Carter, Vancouver; H. R. Butler, Vancouver, defeated D. M. Burrell, Freeport, Ill.; E. Leslie, Vancouver, defeated Larry Piper, Trail; Jack Wagner, Saskatoon, defeated Allan Desbrisay, Vancouver.

## Yanks Move Within Two Games of Leading Squad In Great Pennant Chase

### Yanks to Meet Cleveland Nine In Two Tussles

By The Associated Press  
BIG things in the American Baseball League are expected by September 10. By that date the New York Yankees, world's champions, will play a two-game series with the league-leading Cleveland Indians and three games with Detroit Tigers.

The Indians lost, 11-3, to the Tigers on Thursday, and the Yankees took a double-header from Washington Senators, 2-1 and 8-1.

Cleveland now has a 581 percentage against 566 for the Yankees and 565 for the Tigers. The Indians and New Yorkers each have twenty-five games to play in the campaign while Detroit has twenty-three.

### World's Champions Capture Double-Header From Senators to Continue Drive for Flag—Cleveland Drops Fourth Straight—Cincinnati Wins Behind Johnny Vander Meer

By The Canadian Press  
Boston Braves and New York Giants gave two versions of baseball in a National League double-header yesterday, but the Giants proved masters of both to win 3-7 and 4-1.

There were twenty-five hits in the first game, and the Giants got fifteen of them.

Al Schumacher and Manuel Salvo tangled in a hurling duel all nightcap, which Schumacher won by allowing only three hits.

Brooklyn Dodgers kept the ten innings to whip the Phillies, but when the chips were down in the tenth they put the ball game out of reach by scoring three runs to win 8-5.

Cincinnati Reds gave Johnny Vander Meer a push, along the comeback trail, coming from behind to defeat Pittsburgh, 6-3, for the young fireballer's first National League decision of the year.

The champions retained their eight-game margin over the runner-up Brooklyn Dodgers, who also won at Philadelphia.

The collapsing Cleveland Indians, playing like anything but potential American League champions, lost their fourth consecutive game to the Yankees.

Rudy York and Bruce Campbell each belted a four-base drive with two teammates on base, to pace the Yankees' Tiger attack.

Although they won, the Tigers fell back into third place a single percentage point behind the Yanks who swept a double-header with Washington Senators.

York slammed his twenty-fifth homer in the sixth inning, scoring behind Charley Gehrig and Greenberg. Campbell's eighth homer produced Detroit's three scores in the seventh.

New York Yankees battled back into second place, the American League by grabbing two difficult decisions over Washington Senators 2-1 and 8-1. The world champions were outlived in each struggle.

Young Walter Masterson held the champions to one hit for five innings and four for seven in the nightcap, but even so the Yanks controlled the ball game and finally blasted through six runs in the last two innings.

### LONGSHOREMEN WIN CUP GAME

Defeat Brunsons Veterans, 8-4—Holness and Bridger Hit Homers

Scoring four runs in the first inning with the aid of a circuit drive by Harry Holness, scrappy third sacker, Manager Jim Lacker's Victoria Longshoremen, Provincial, Island and city football champions, defeated Brunsons Veterans, 8-4, in a replay of the Pussie Dog Cup final at Victoria West.

The triumph brought to a close the most successful season enjoyed by the stevedores since they first entered the "big apple" warfare about four seasons ago. Freight jugglers just missed making a clean-up in the senior circuit when they went down to a 2-1 defeat at the hands of Brunson's Veterans in the Calvert Cup final two weeks ago.

At Bridger worked on the hill for Brunsons and gave up eight sacrifices, four more than his teammates collected from the offerings of husky Ray Byers. Bridger poked out a home run in the fourth with the sacks empty.

Hunting Season to  
Commence Saturday  
Throughout IslandMarksmen Will Open Fire on Buck Deer, Blue  
Grouse and Band-Tailed Pigeons—Deer Season  
To Last for Eighty-Five Days

These are busy days in the basements of many homes of Vancouver Island islanders as they prepare for the 1940 hunting season opening tomorrow. Guns are being given their final overhauling and ammunition stocks are quickly being replenished for the annual assault on buck deer, blue grouse and band-tailed pigeons.

Reports from local sports goods stores indicate that Victoria's army of shooters will be large numerically, with the usual number of new hunters ready to make their first start in quest of deer and game birds. Missing this year, however, will be many popular faces in island hunting circles, those keen sportsmen who have put aside their civilian attire for the uniform of His Majesty's services, and their double-barreled shotguns for the army rifle in a more serious job of hunting the enemy.

As far as can be ascertained there is plenty of game for the 1940 season opening tomorrow. Reports reaching the city from popular hunting grounds are very favorable, with birds and deer present in goodly numbers. Hatching conditions for birds have been excellent this year, and the prolonged dry spell has given the young birds plenty of opportunity to get out and pick up feed. In some cases it is reported that two hatchings have been discovered.

Cowichan Lake district, long a popular stamping ground for Victoria and Lower Island sportsmen, will probably be the centre of interest again this year. That district usually has a good supply of birds and deer and has generally attracted the large bulk of local hunters.

**GOOD REPORT**  
Campbell River district, which has grown up splendidly since the big fire, is reported to be well stocked with animals and birds and will probably present a busy scene during the season opening tomorrow.

Jordan River, Sooke, Youbou, Malahat and several other Lower Island spots, well known to local sportsmen, will round up with the crack of guns tomorrow and over the week-end. Port Alberni and Qualicum areas are reported to be the best spots for birds and deer.

KRAMER IN  
GREAT WINYoung Tennis Star Eliminates  
Seattle's Hank  
Prusoff in East

**NEW YORK, Sept. 5 (AP)—**A nineteen-year-old kid with a touch of magic in his racket led the field into the quarter-final round of the fifty-ninth annual national singles tennis championships at Forest Hills today.

Jack Kramer's smashing triumph over Hank Prusoff, of Seattle, by 6-2, 6-4, 5-7, 6-0, has caught everyone's fancy.

He is co-holder with Ted Schroeder of the national doubles title. Alongside the young Californian were Don McNeill, who disposed of Harris Everett, North Carolina University student, 6-4, 6-3, 6-3; Elwood Cooke, who beat Charles Oleswne, of Santa Monica, Calif., 6-3, 6-3, 6-0, and Frankie Parker, who defeated Bill Gillespie, of Atlanta, Ga., 6-2, 6-3, 10-8.

Defending Champion Bobby Riggs headed the lower half of the draw with a 6-4, 6-3, 6-3 win over Hal Surface, of Kansas City. Schroeder outlasted Betsy Grant, 2-6, 6-3, 9-7, 6-6.

The feminine contingent produced the day's major upset when Mary Hardwick, English Wightman Cup ace, biased pretty Sarah Paley, of New York, by 6-1, 6-3. Champion Alice Marble defeated England's Rita Jarvis, 6-3 and 6-0.

The other English entry, Valerie Scott, beat Mrs. Penelope A. McBride, of Shorthills, N.J., by 6-1, 6-4.

KIWANIS CLUB  
STAGES MEETBig Crowd Sees Aquacade  
Organized to Aid R.C.A.F.  
Sergeants' Mess

Some of Victoria's best swimmers and divers were seen in action by an audience that filled the Crystal Garden seating capacity almost to the limit last night for the Kiwanis Club's "aquacade," organized to raise funds to furnish the sergeants' mess at the Patricia Bay Royal Canadian Air Force Station.

To the swimming sports were added a midway, with side-shows and games of chance, and dancing in the ballroom, to make the evening's programme one of unalloyed enjoyment for the big gathering, which included a great many members of the three services. The swimming programme, which included a non-competitive exhibition of diving and a water polo game, was conducted by the Vancouver Island Swimming League.

A touch of comedy was provided by members of the Kiwanis Club in a swimming match in which no aid to speed was barred, several of the swimmers taking a tow from side-line partisans. It was a no-decision race, for obvious reasons.

The water polo game, between teams representing the league and the R.C.A.F., was won by the former team by three goals to two. Those taking part in the exhibition of diving were June Stannell, Pearl Colyer, Doreen Dale-Johnson, Ted Rowland and Bill Nelson, R.C.A.F., with the burlesque exhibition by Hugh Weston, Gordon Lawrence and Don Davidson.

**AQUATIC PROGRAMME**  
Swimming events resulted as follows:

80 yards free style, juvenile boys—1. Ted Tulley; 2. Francis Troup; 3. Don Smith. Time: 33.2-5.  
50 yards free style, senior men—1. Terry MacCauley, R.C.A.F.; 2. Gordon Lawrence, 3. Hugh Weston. Time: 25.  
50 yards breast stroke, senior women—1. Eileen Stark; 2. Myrtle Tupman; 3. Molly White. Time: 42.

## Seeking League Honors

Fighting it out for the honor of batting the most runs in the American League are Hank Greenberg (left), of Detroit, and Joe DiMaggio, of the Yankees. DiMaggio got off to a bad start, but in recent weeks has been speeding it up, and still has a chance of retaining the batting championship which he won last year with an average of .381.

LESTER PATRICK  
AT ICE MEETING

**TORONTO, Sept. 5 (CP)—**National Hockey League officials conferred here in their annual pre-season rules committee conference but no details of the meeting were announced. Amateur officials also conferred with the committee.

Present were Art Ross of Boston Bruins, Lester Patrick of New York Rangers and Jack Adams of Detroit Red Wings. Tomorrow, President Frank Calder is to meet with Conny Smythe of Toronto Maple Leafs, and Bill Tobin of Chicago Black Hawks in a management committee conference.

During the evening, several musical selections were played by the Royal Canadian Air Force Band.

GRID RULES  
ABOUT SAMEMinor Changes in Regulations  
for Canadian Football This Season

**TORONTO, Sept. 5 (CP)—**The Canadian Rugby Union playing rules for 1940 show only a few minor changes from last season, it was announced today. Rule changes suggested at the last annual meeting have not been carried out, with but two exceptions.

Last Spring, following the annual meeting of the union, it was announced that the rules committee had decided to limit the use of the huddle. William Foulds, of Toronto, rules committee chairman, said today that the huddle decision had been tabled for the time being. The change would have called for only three huddles by a team each quarter.

The two changes to be instituted call for an optional kick-off after touchdown and the allowing of a player to re-enter the game in the same quarter he was removed.

The optional kick-off allows the team scored against to have its choice of kicking off or receiving, and gives a team, which, through lack of a good kicker, might be on the defensive most of the game, a chance to work out from its own end of the field. Formerly, the team against which the touchdown was scored, kicked off.

The second rule was explained by Foulds, who said:  
"We felt that a player who to all appearances is badly hurt, should be served better off the field, rather than by a hurried examination made on the field and the game consequently held up."

The player may re-enter the game in the same quarter if found not to be seriously injured, but on a second occurrence a substitute must take his place.

War conditions were mainly responsible for continuation of the huddle system. It was explained that with many players taking military training, it is impossible for teams to have complete units out for each practice. The huddle will allow players a chance to check on any play before it is used.

## WINNERS AT COLWOOD

Mrs. A. Dowell was the winner of top honors in 'A' division in the monthly medal competition, played at the Colwood Golf Club yesterday with her smartly played card of 82-5-77, while Mrs. M. R. Gaverhill headed 'B' section with a 113-29-84.

In the Garden

**NEW YORK, Sept. 5 (AP)—**The tussle to decide who's going to help Joe Louis keep the wolf from the door and, at the same time, work up a little exercise, comes off in Madison Square Garden tomorrow night between Billy Conn and Bob Pastor.

Some 15,000 persons are expected to drop about \$30,000 into Promoter Mike Jacobs' cash registers to see the once-postponed bout between two of the best boxing "big fellows" in the game—Pretty Boy Billy, who is about to abdicate his light-heavyweight championship, and ex-College Boy Bob, who went twenty rounds with Louis before being bombed to sleep.

The odds favoring Conn, which had been dropping all week, suddenly went up again today. The gambling men offered 5-9 on the Pittsburgh Irishman.

In addition to experience, Pastor will carry a pull in the weights. He expects to scale about 183 pounds; while Conn's highest hopes are that he will be within shouting distance of 180.

Five C's Will Meet the Albions for  
League Honors at Beacon  
Hill Park Tomorrow

Final cricket match of the current season will be played tomorrow afternoon at Beacon Hill Park at 2.30 when the Five C's clash with the Albions in a play-off game which will decide the Victoria and District League champions for 1940. These eleven finished in a deadlock for first place and the league officials decided that a sudden death match would be the best way of settling the title winners for this year.

Five C's will line up as follows: J. Payne, Whitehead, G. Payne, Martin, Atwell, Ware, Hepworth, Griffin, Quainton, Edwards and Harper.

## Upward Swing in Stocks and Bonds On Wall Street

NEW YORK, Sept. 5 (CP)—Stocks, bonds and commodities swung upward again today as many market speculators, reading bullish indications in the war- and business news, turned buyers.

Gains of 1 to 4 points were well distributed over the stock list in the most active dealings in nearly three months.

While prices were a little under the best in some cases at the close, the Associated Press average of sixty stocks held a net advance of 7.7 of a point at 43.4, a net figure since the dribbling decline got under way last May. The breadth of the market was exemplified by the fact that 840 individual issues were traded. Of these 646 were up, fifty down and 135 unchanged.

Despite intermittent periods of real transfers aggregated 1,247,220 shares, largest turnover since June 12. They compared with yesterday's aggregated total of 782,140.

Government demand was credited partly for price boosts in such staples as copper, zinc, hides and textiles.

Prominent stock movers included U.S. Steel, Chrysler, U.S. Rubber, Montgomery Ward, Douglas Aircraft, United Aircraft, Sperry, Lockheed, American Airlines, International Nickel, Santa Fe, N.Y. Central, Great Northern, Standard Oil of New Jersey, Allied Chemical, Eastman Kodak, Johns-Manville, J. C. Penny and Du Pont.

The bond market rolled forward today with domestic corporates advancing fractions to 3 points and British Empire loans fractions to 8 in the biggest buying in three and one-half months.

Among British Empire loans, Australian 5 1/2 of 1957 closed at 57 1/2, up 8; Brisbane 6 1/2 of 1950 at 57 1/2; up 1-1/2; and Canada 2 1/2 of 1941 at 83 1/2, up 2 1/2.

**DOW JONES AVERAGES**  
The Dow Jones averages closed today as follows:  
Thirty Industrials, 134.10; up 1.54.  
Twenty rails, 29.29; up .44.

**TRADE LIGHT IN WINNIPEG WHEAT**  
WINNIPEG, Sept. 5 (CP)—Trade in the wheat pit at the Winnipeg Grain Exchange was the lightest in weeks today, with only a few transactions recorded at the minimum levels of 73 1/2 cents a bushel for the October future and 74 1/2 cents for December.

No export business was reported and mill buyers stood on the sidelines.

Wheat closed 5-8 to 1-1/4 cents higher at Chicago while Buenos Aires wheat was down 3-8 to 5-8 cent at noon.

Shippers and exporters bought fair amounts of No. 1 and 2 Northern in the cash wheat market. Oats and barley futures scored moderate advances in the coarse grain pit.

## Upward Swing in Stocks and Bonds On Wall Street

NEW YORK, Sept. 5 (AP)—Stocks, bonds and commodities swung upward again today as many market skeptics, reading bullish indications in the war and business news, turned buyers.

Gains of 1 to 4 points were well distributed over the stock list in the most active dealings in nearly three months.

While prices were a trifle under the best in some cases at the close, the Associated Press average of sixty stocks held a net advance of 7 of a point at 45.4, a top figure since the dribbling decline got under way last May. The breadth of the market was exemplified by the fact that 840 individual issues were traded, of these 646 were up, fifty down and 135 unchanged.

Despite intermittent periods of near transfers, aggregated 1,247,720 shares, largest turnover since June 12, they compared with yesterday's accelerated total of 782,140.

Government demand was credited partly for price boosts in such prime staples as copper, zinc, hides and textiles.

Prominent stock movers included U.S. Steel, Chrysler, U.S. Rubber, Montgomery Ward—Borg-Warner, United Aircraft, Sperry, Lockheed, American Telephone, American Smelting, International Nickel, Santa Fe, N.Y. Central, Great Northern, Standard Oil of New Jersey, Allied Chemical, Eastman Kodak, Johns-Manville, J.C. Penny and Du Pont.

The bond market rolled forward today with domestic corporates advancing fractions to 3 points and British Empire loans fractions to 8 in the biggest buying in three and one-half months.

Among British Empire loans, Australian 5s of 1957 closed at 57, up 8, Brisbane 6s of 1960 at 58, up 5 1/2; and Canada 7 1/2s of 1944 at 53 1/2, up 2 1/2.

### DOW JONES AVERAGES

How Jones averages closed today as follows:

Thirty Industrials, 124.10; up 1.54.

Twenty rails, 29.29; up .44.

## TRADE LIGHT IN WINNIPEG WHEAT

WINNIPEG, Sept. 5 (CP)—Trade in the wheat pit at the Winnipeg Grain Exchange was the lightest in weeks today, with only a few transactions recorded at the minimum levels of 73 1/2 cents a bushel for the October future and 74 1/2 cents for December.

No export business was reported and mill buyers stood on the sidelines.

Wheat closed 5-8 to 1 1/4 cents higher at Chicago while Buenos Aires wheat was down 3-8 to 5-8 cent at noon.

Shippers and exporters bought fair amounts of No. 1 and 2 Northern in the cash wheat market. Oats and barley futures scored moderate advances in the coarse grain pit.

## I'LL WAIT FOR YOU

By MARGARET GORMAN NICHOLS

CHAPTER XVI

He was surprisingly serious. "She has a talent for giving parties, a lavish talent. Mobs of people, gallons of drink, tons to eat and good music. Everybody had a swell time. And Edwina... His voice trailed off but he picked it up again. "Gracious hostess, a gracious girl. I've never fought over any girl but I'd fight if anyone ever spoke against her within my hearing. She inspires loyalty." He loved Edwina, she thought, though as yet he would not admit it even to himself. In Norman, Edwina inspired loyalty, in Alan she engendered hate. And she, Carol, believed in both Norman, a new friend, and in Alan, whom she loved. The enigma of Edwina Barker, whom you either loved or hated, tied your brain in knots. Her eyes met Norman's as she turned her head and she found in his not the mocking laughter she had expected, but the earnestness that always surprised her and now, something new, an insight into her as if he had read her thoughts. Her heart jerked. She said quietly, "You'll have to tell me where your house is."

It was a low rambling stone house that nestled between two hills. Carol went in further than the cool shady veranda furnished with comfortable wicker pieces and a low table on which perched a portable typewriter and some papers, and an assortment of pipes and ashtrays. Benson, a small man in a white coat, smiled at her, his face breaking into five, merry wrinkles before he brought out cold, tall mini drinks and then arranged a card table for luncheon.

Norman, relaxed in a comfortable chair, was amusing and interesting, his eyes narrowing as he glanced over the picturesque countryside. To Carol his presence gave the effect of well being and stimulation. She noticed his hands, finely made and strong, since as a student nurse hands had always interested her as an index to character and she had thought often that she could never marry a man until she looked for his touch. Marry. She would marry Alan and in some distant place Norman would marry. The paths of their lives would run parallel, but they would never cross again. "If your thoughts are worth more than a penny," he said, "I was looking ahead for both of us."

"That's bad. The things good or bad, you are certain will happen probably won't. You never clear all the obstacles, you know."

"I haven't any obstacles." But she was whistling in the dark. "That's what you think." He smiled and said with feeling, "I'm an obstacle, Carol."

He was joking, of course. She gave him a swift, rather nervous smile as she got up and walked to the end of the veranda, seeing a small fat little bird enjoying his bath in the rear garden. Norman followed and she felt his hand on her shoulder and the electric nearness of him.

"Carol, if I could kiss you into forgetting Alan, love you into forgetting him."

"You'll have to evaluate, gents... I've gotta mop up this dump!"

BRING THAT FRONT PORCH BACK HERE! YOUR PAW WANTS TO SET ON IT!

## ARE TRYING TO FIND WITNESS

Case Against Sailor of Stealing Car Is Adjourned Until Next Monday

Charged with stealing the auto of John V. Weston from Broad Street on the morning of August 11, the case against Lorne Russell, a sailor, was adjourned yesterday until Monday morning on the application of counsel in order to secure a young lady witness, by Magistrate Henry C. Hall in the city police court yesterday.

Russell was in company with Miss Tessie Woods in Weston's car in front of the Hongkong Cafe, Flagstaff Street, when arrested by city police, and Stuart Henderson asked to have the girl brought into court. He said that efforts had been made to locate Russell's companion, who is colored, but so far all attempts had been unavailing.

Detective Fearon Woodburn and Constables John Howe and Samuel McKenzie told of locating the missing car in front of the Hongkong Cafe and watching it until the accused was seen with appearance with Miss Woods. When they got in the machine, the police accosted them and Constable Howe found the car keys on Russell's person. The car was reported stolen about 12:10 o'clock and the accused was arrested at 1:30 o'clock.

**SAID ACCUSED WAS DRUNK**  
Called to the witness stand, Russell, his mother and three sailor friends, R. McMin, G. Foster and John Monk all testified that the accused had been drinking since noon on Saturday and was intoxicated. Russell said that he left the cafe twice during the night after following his friends there after 12:10 a.m.

The accused said the first time he saw the car keys was when the constable found them in his jumper pocket outside the cafe. In answer to a question from counsel, he replied that he did not steal the car, and if he did take it, he was so drunk that he did not remember.

Both Foster and Monk testified that Russell had followed them to the Hongkong Cafe and did not leave the premises at all until after 2 a.m. He said they arrived at the cafe about 12:30 a.m. Claude L. Harrison appeared for the Crown.

Timkins was one of those people who live in constant dread of burglars. To be prepared for all emergencies, he purchased a revolver, "For Burglars" engraved upon the butt. Timkins took great pride in his new toy, but one night he forgot to take it upstairs with him when he went to bed. It was during that night that a burglar did enter his house.

Next morning Timkins found to his dismay, that nearly all his valuables had gone. The treasured revolver, however, had been spared. It lay on his study table, and beside it was a note: "Thanks, but I always carry my own. The Burglar."

**HIS STOCK-IN-TRADE**  
A nervous little man, seeking to relieve the tedium of a railway journey, ventured to address a stout man who sat opposite to him. "How's business?" he inquired. "Can't complain," said the other laconically. "What do you deal in?" "Mothers-in-law, lawyers, the weather, anglers, tramps, stranded actors and the like." "Are you trying to charm me?" asked the nervous little man. "No," said the stout man. "The things I have named are my stock-in-trade. You see, my dear sir, I am a professional writer of jokes and anecdotes."

The golfer was driving off a yard in front of the teeing mark, when the club secretary yelled. "Hey! You can't do that; you're disqualified."  
"What for?" demanded the player. "You're driving off in front of the markers," declared the secretary. "The player looked at him in pity. "Don't be silly," he said. "I'm playing my third stroke."

## ROTARIANS SEE SPORT MOVIES

Pictures Shown Following  
Talk by E. Whyte, Agri-  
cultural Official

E. M. Whyte, third vice-president of the British Columbia Agricultural Association, speaking at the Rotary Club luncheon at the Empress Hotel yesterday, gave the assembled Rotarians a short history of the exhibition since its inception on its original site on Fort Street, between Douglas and Blanshard Streets, on October 2, 1862.

"Since that time," the speaker said, "the annual fair has, almost without exception, shown a commendable amount on the profit side of the ledger each year."

Feature of the fair this year will be the inclusion of the district displays, which were abandoned last year. Mr. Whyte said that they had been reinstated by popular request, being a great drawing power in previous years.

Also on the agenda at the meeting was the showing of two moving pictures by Douglas Scott, depicting various phases of sport. They were well received by the members.

Peroy Squibb, in charge of the forthcoming inter-city meet at Vancouver on September 10, advised those attending of the arrangements for the trip, while plans were also made for the Vancouver Island inter-city golf meet on September 15 at the Royal Colwood course.

The meeting, presided over by President Gerald Yardley, was well attended by visiting insurance men, in the city for the New York Life Insurance convention here.

## BOYS OVERSEAS WELCOME FAGS

Gifts From Beaver Club  
Cheer Troops in England  
Between Pay Days

Members of the Beaver Club of the Hudson's Bay Company's Victoria store staff—many of them veterans of the last war who know how welcome unexpected gifts of "fags" can be, especially between pay days—have won the gratitude of scores of British Columbia boys who are now serving overseas.

This year the club unanimously agreed to forego the annual picnic, major event of the summer season, and instead to use the money that would have been spent on the picnic for the purchase of cigarettes to be distributed among the troops overseas. The "smokes"—in lots of 100 for each man—were forwarded for distribution to W. A. McAdam at British Columbia House, London, whose staff is prepared to handle parcels or gifts of comfort for men from this Province who are serving overseas.

Since then, letters of appreciation from the soldiers have been pouring into the files of the Beaver Club, and yesterday the total was more than seventy-five, according to L. J. D. Smith, president of the club, who remarked that the gratitude expressed by the soldiers might impel other organizations or individuals to do something along similar lines.

Here are excerpts from a few of the letters.  
Major William Murphy, O.C. "D" Company, P.P.C.L.I.: "The cigarettes were given out a few days before pay day. I am sure you have some old soldiers among you; let them explain in more picturesque language I can use just what that means to a soldier on active service. No gift is more appreciated by the men here, for the cost of English cigarettes is very high and there is a long time between pay days. Then, again, the thought that they are remembered by the people at home—strangers to them—is something that keeps morale at its present high level."

**PRIVATE'S GRATITUDE**  
Private T. F. Farquharson: "Your gift of 100 cigarettes is certainly appreciated by this private, and I believe all the Pats from Victoria feel the same way. Thanks a million to all of you in the Beaver Club."

Private Larry Jarman: "They were very much appreciated by all the boys... and made them think of good old Victoria."

Lance-Corporal E. A. Vigurs: "Nothing puts us so much as something—anything, a letter, a postcard—from back home."

Private Albert T. Lomas: "They could not have arrived at a more opportune time. I am sure your kindness has not gone unwarded."

Lance-Corporal Leonard Palmer: "For the first time in many moons our cow pasture camp resounds with cries of merriment and good-fellowship due to the presence of your fragrant weed."

Private Pat Pattison: "All 'D' Company praised the name of the Beaver Club."

Lance-Corporal C. E. Christie: "They arrived between pay days, when most of the boys were broke and just longing for a smoke. Your thoughtfulness was appreciated by all."

all of 'D' Company, even the boys who do not smoke. It certainly is nice to think the people of Victoria still remember us."

## What Today Means

**"VIRGO"**  
If September 6 is your birthday, the best hours for you on this date are from 9 to 11 a.m., from 3 to 5 p.m., and from 9 to 11 p.m. The danger periods are from 7 to 9 a.m. from 7 to 9 p.m. and from 11 p.m. until midnight.

Discouraged what people have to say today, especially if you know or suspect that they have some selfish ulterior motive to serve through resorting to a degree of exaggeration. Unfortunately truth may be handled very carefully by persons who hope to gain some advantage through the making of misrepresentations. The average buyer's conscience is not apt to be over-active today when it comes to their trying to drive a bargain, so merchants and salesmen will have to keep their wits about them if they wish to avoid making some very foolish concessions. Under the guise of friendship many an unfair advantage is likely to be taken today, so be on your guard against anyone who is loud in their profession of it. Avoid indulging in surmises today; for they might arouse false hopes or erroneous suppositions. Prevailing conditions today require your being thoroughly practical in every conceivable way if you are to avoid running any chance of making mistakes that might be costly in more than one way. Married and engaged couples, and those with matrimonial aspirations, must avoid appearing to be vain or fickle today, if quarrels are to be prevented.

If a woman and September 6 is

your birthday, you are probably very frank and outspoken about things that annoy you. You are inclined to want to have your own way in planning matters that affect you personally, and probably resent any voluntary advice regarding them. You ought to be capable of doing excellent work as a demonstrator, interior decorator, teacher, fiction writer, professional entertainer, purchasing agent, secretary, librarian, or as a sales agent. Under normal conditions a very happy matrimonial career is usually the inherent right of women born on this date.

The child born on September 6 must not be made to regard itself as being a prodigy. If it is to develop along perfectly normal and promising lines for a successful future. An exaggerated idea of self-importance, or an excessive amount of conceit, can prove to be an almost insurmountable handicap for children born on this date who may be starting from scratch and expect to reach the goal of success a winner.

If a man and September 6 is your natal day, only by taking advantage of every opportunity to improve yourself mentally and physically can you expect to do yourself full justice. As an engineer, architect, author, journalist, printer, publisher, manufacturer, clergyman, merchant, or salesman, you ought to get gratifying results.

But when you're broke you always come here for a glass of water and a toothpick!"

The tramp shrugged. "You should feel flattered," he said calmly. "It proves you stock superior toothpicks!"

**LAST HOPE CRUSHED**  
It was Murphy's first trip across the Atlantic, and he felt awful. He failed to connect the fact of his being on the briny ocean for the first time with his agony. The doctor came up to him as he tossed about in his berth. "Cheer up, man," he said, heartily. "I know you're feeling bad, but you're not going to die."

Murphy opened horrified eyes. "Not going to die?" he asked. "Faith, doctor, I thought I was! That was the only thing that kept me alive!"

**THE COMPLIMENT**  
The tramp entered a coffee shop and asked for a glass of water. He emptied the glass, used a napkin to wipe his mouth, and helped himself to a toothpick as he made for the door. The manager glared at him. "Look here, you," he snapped. "I notice that whenever you manage to dig up a few coins you go to that restaurant across the street to eat."

Murphy opened horrified eyes. "Not going to die?" he asked. "Faith, doctor, I thought I was! That was the only thing that kept me alive!"
